Avanture Srečka Munje

POTERA

POTERA

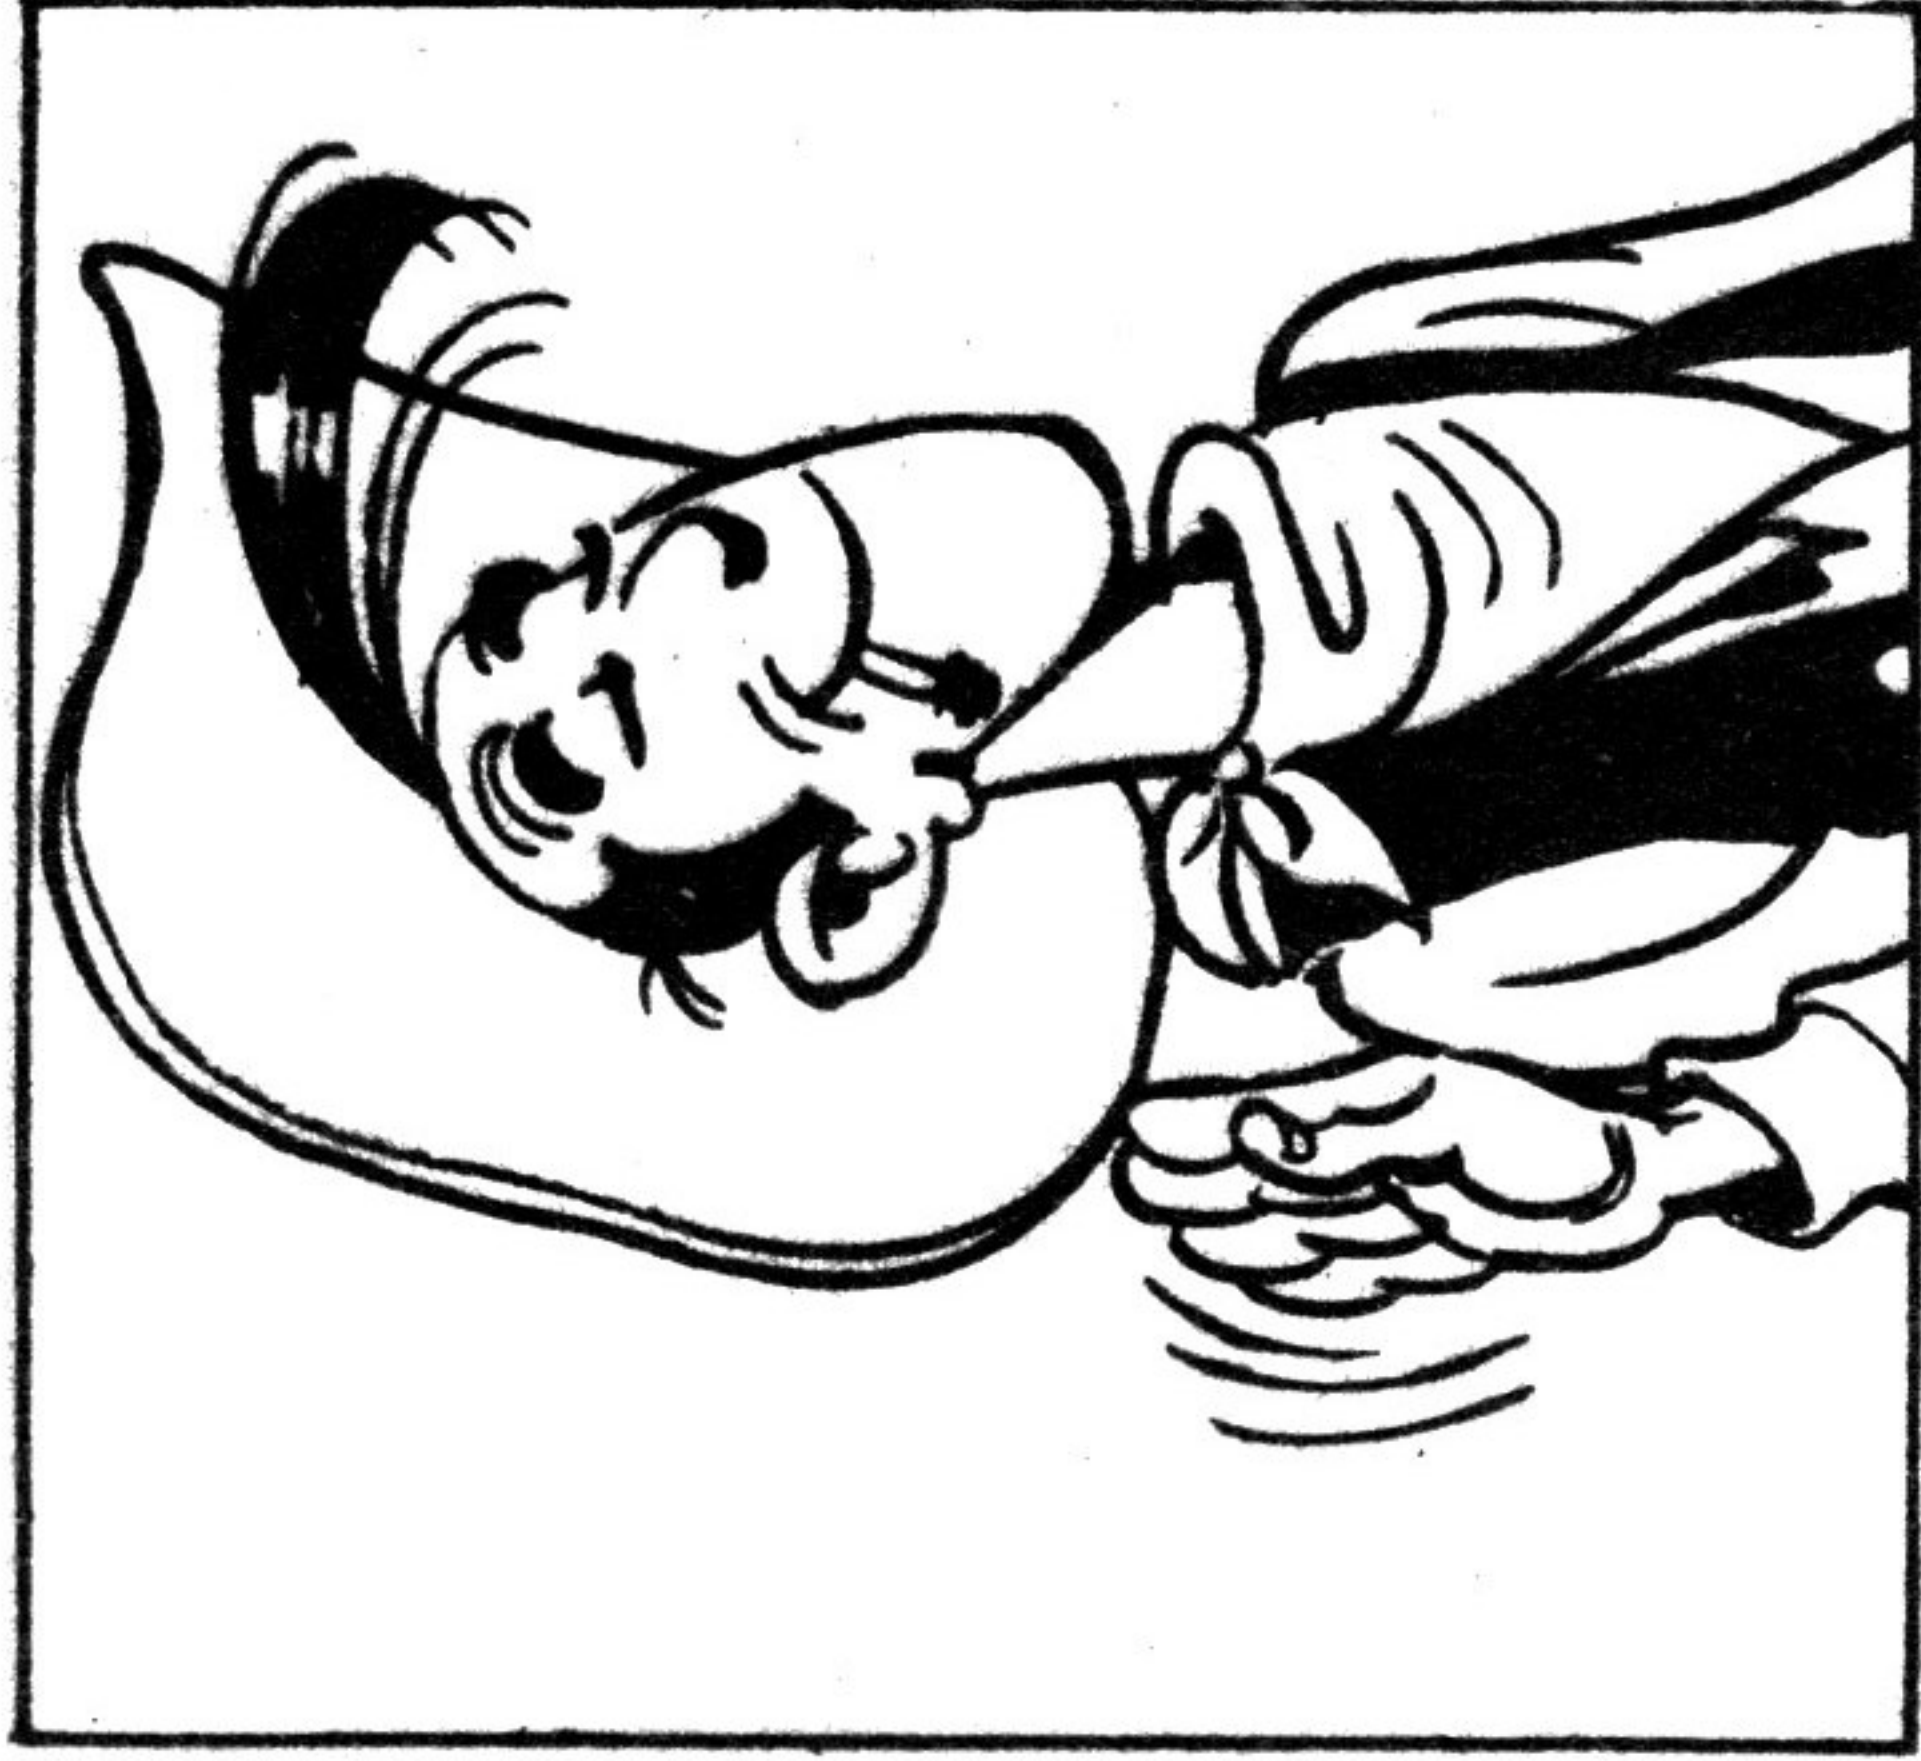

SADRŽAJ PRVOG DELA

Na divljem zapadu, usred nepregledne kamenite pustoši nalazio se grad Pacovska Rupa. Jednoga dana, krstareći po prerijskim prostranstvima stigao je u Pacovsku rupu i naš novi poznanik, slavni kauboj Srećko Munja. Srećko Munja je bio čuven jer je najbrže bacao laso, najbrže vadio revolver, najbrže popio bocu viskija i uopšte bio najbrži u svemu onome što se tada cenilo među osvajačima velike prerije. Srećko Munja ušao je u najveću i jedinu kafanu u gradu i spazio šerifa kako igra poker sa jednim Meksikancem.

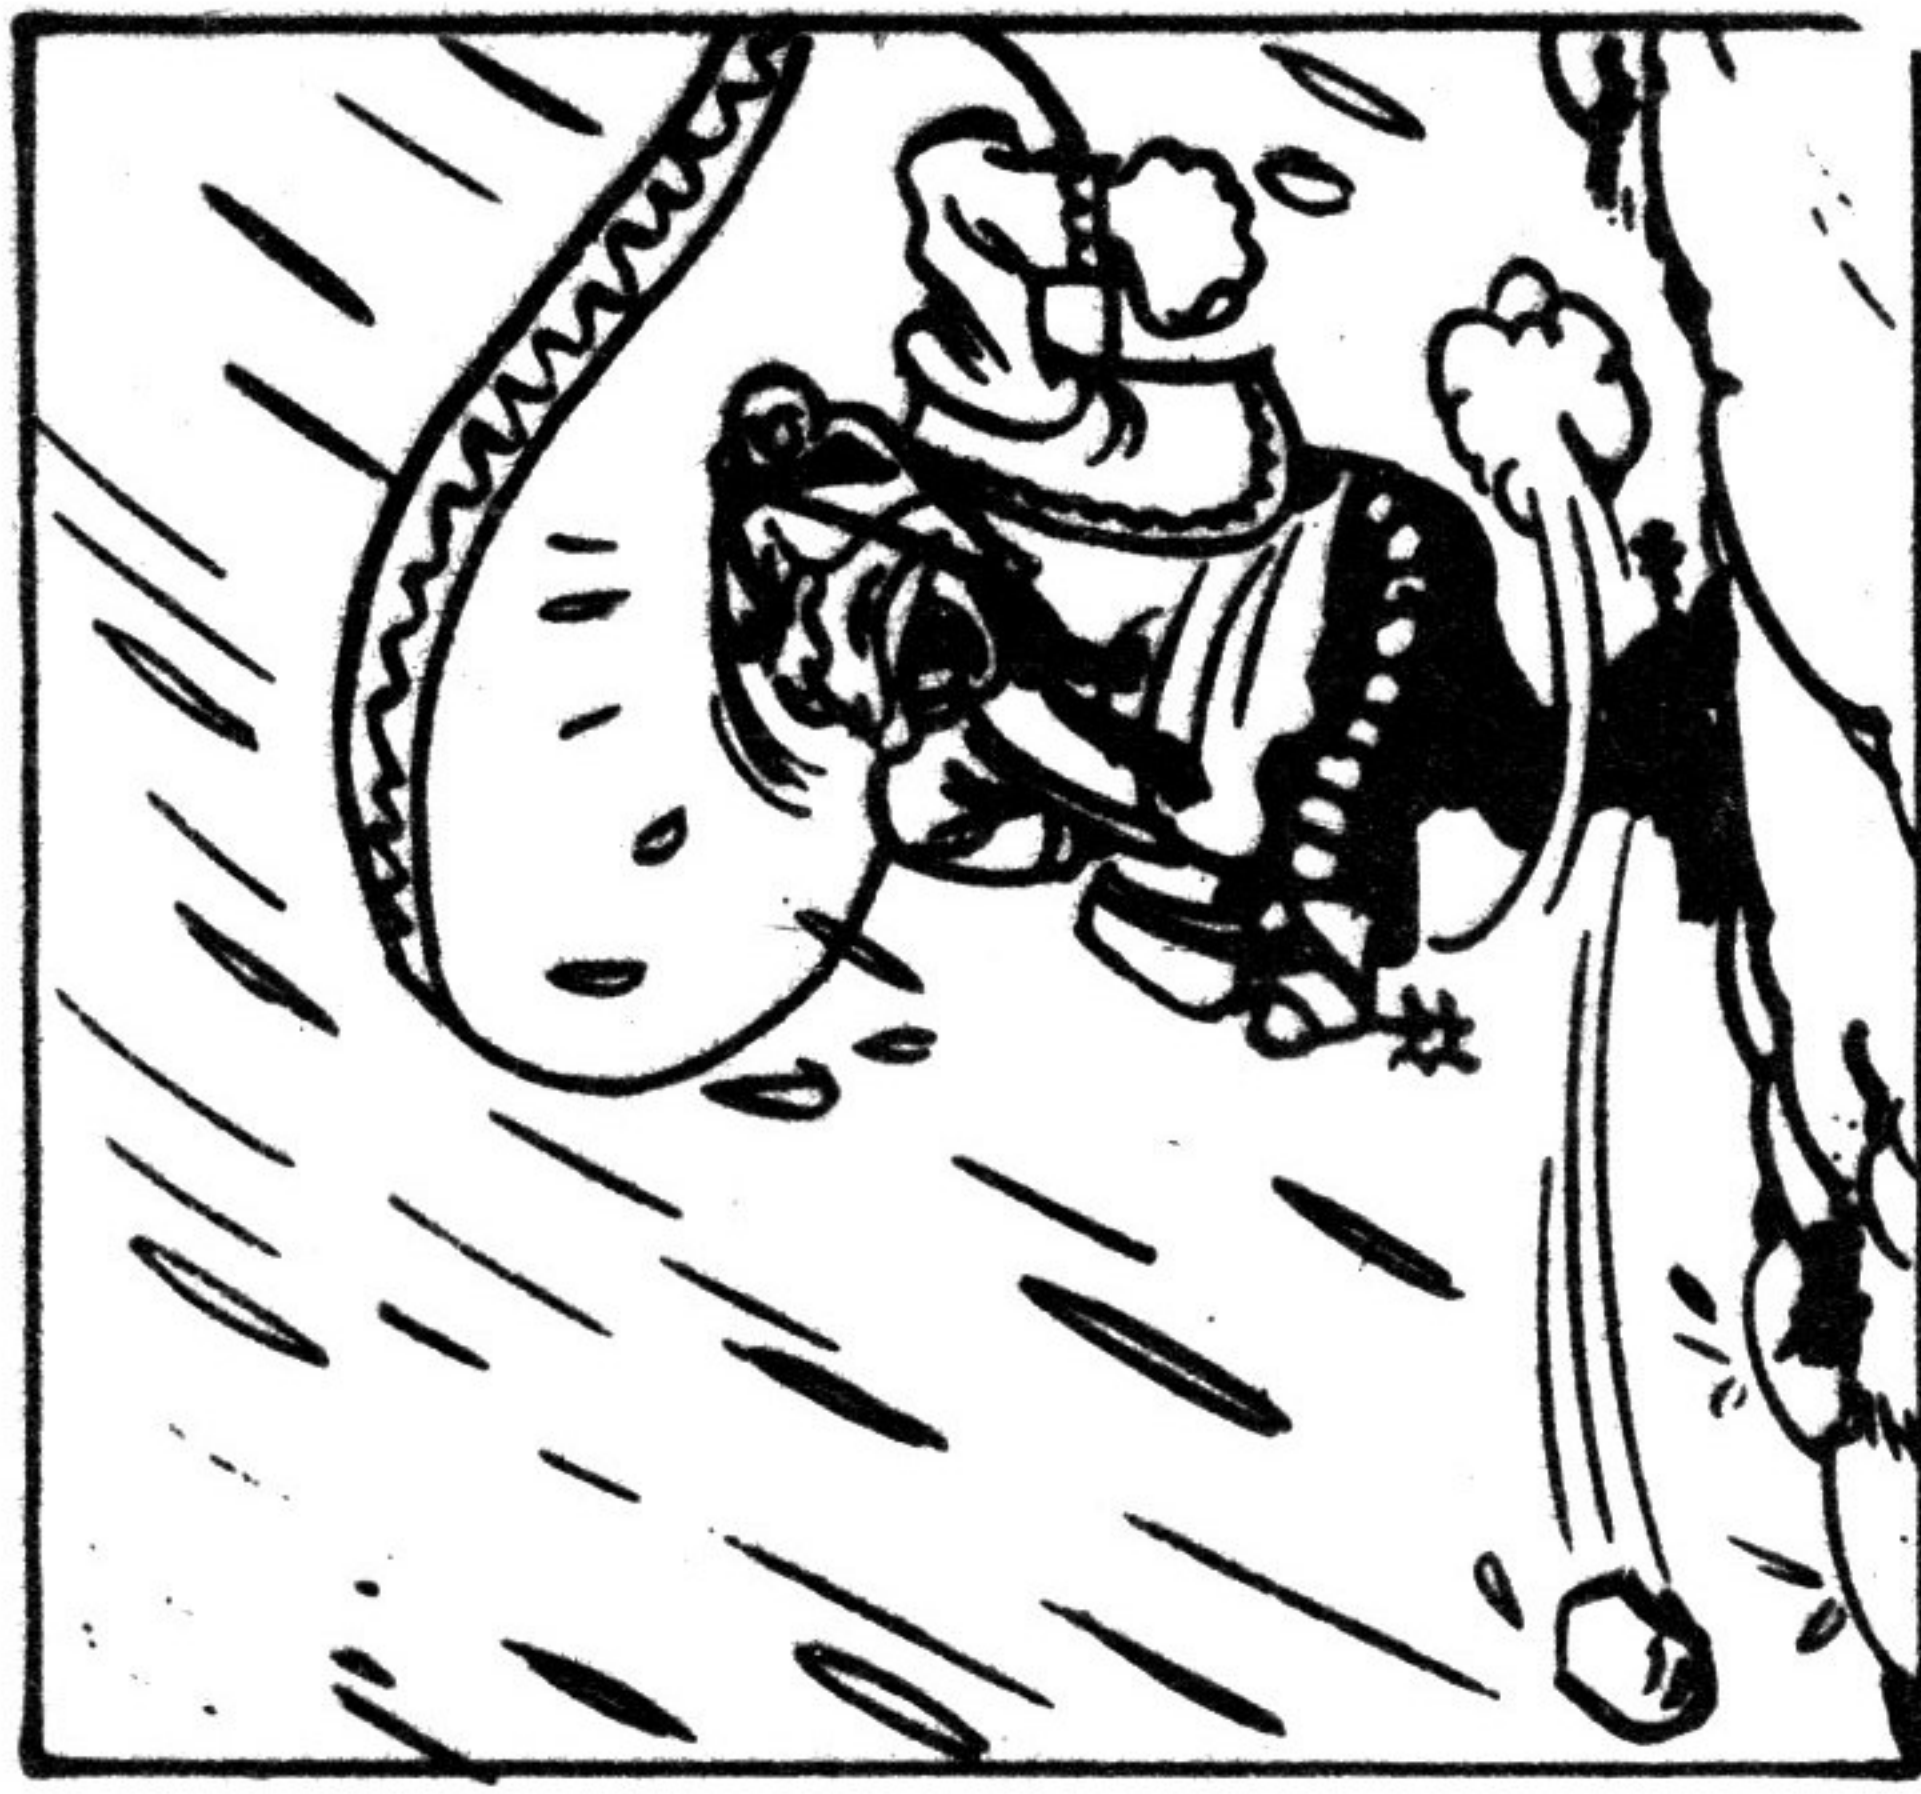

Šerif nije ni slutio da ima posla sa najvećim kockarom zapada. Tek kad je ostao bez prebijene pare, shvatio je da nešto nije u redu.

Srećko Munja je, prateći ovaj dvoboj odmah ustanovio šta se dešava.. Razbio je ogledalo iza šerifovih leđa, seo umesto njega za sto i začas pokupio velikom La Kukarači sve osim sombrera...

La Kukarača je na kare kečeva odgovorio sa parom pištolja i odjezdio u nepoznatom pravcu. Za njim počinje potera. On međutim, upada u klopku Indijanaca i biva vezan za stub... Spasla ga je poglavičina naklonost ka viskiju.. Obećavši poglavici reku viskija ako osvoji Pacovsku rupu, La Kukarača sa Indijancima kreće na grad. Kada direktni napad propadne, La Kukarača se prurušen uvuče u grad, javi na konkurs za čističicu šerifove kancelarije i sada ga vidimo na novoi „dužnosti“ ...
