REKLI SMO: KREĆEMO NA PUT DA POBJEGNEMO OD SVIJETA I DA SE ODMORIMO!

PARKIRAT ĆEMO KOLA I ODMARAT ĆEMO SE!

SAMO IH TI GLEDAJ, ŠILJO!

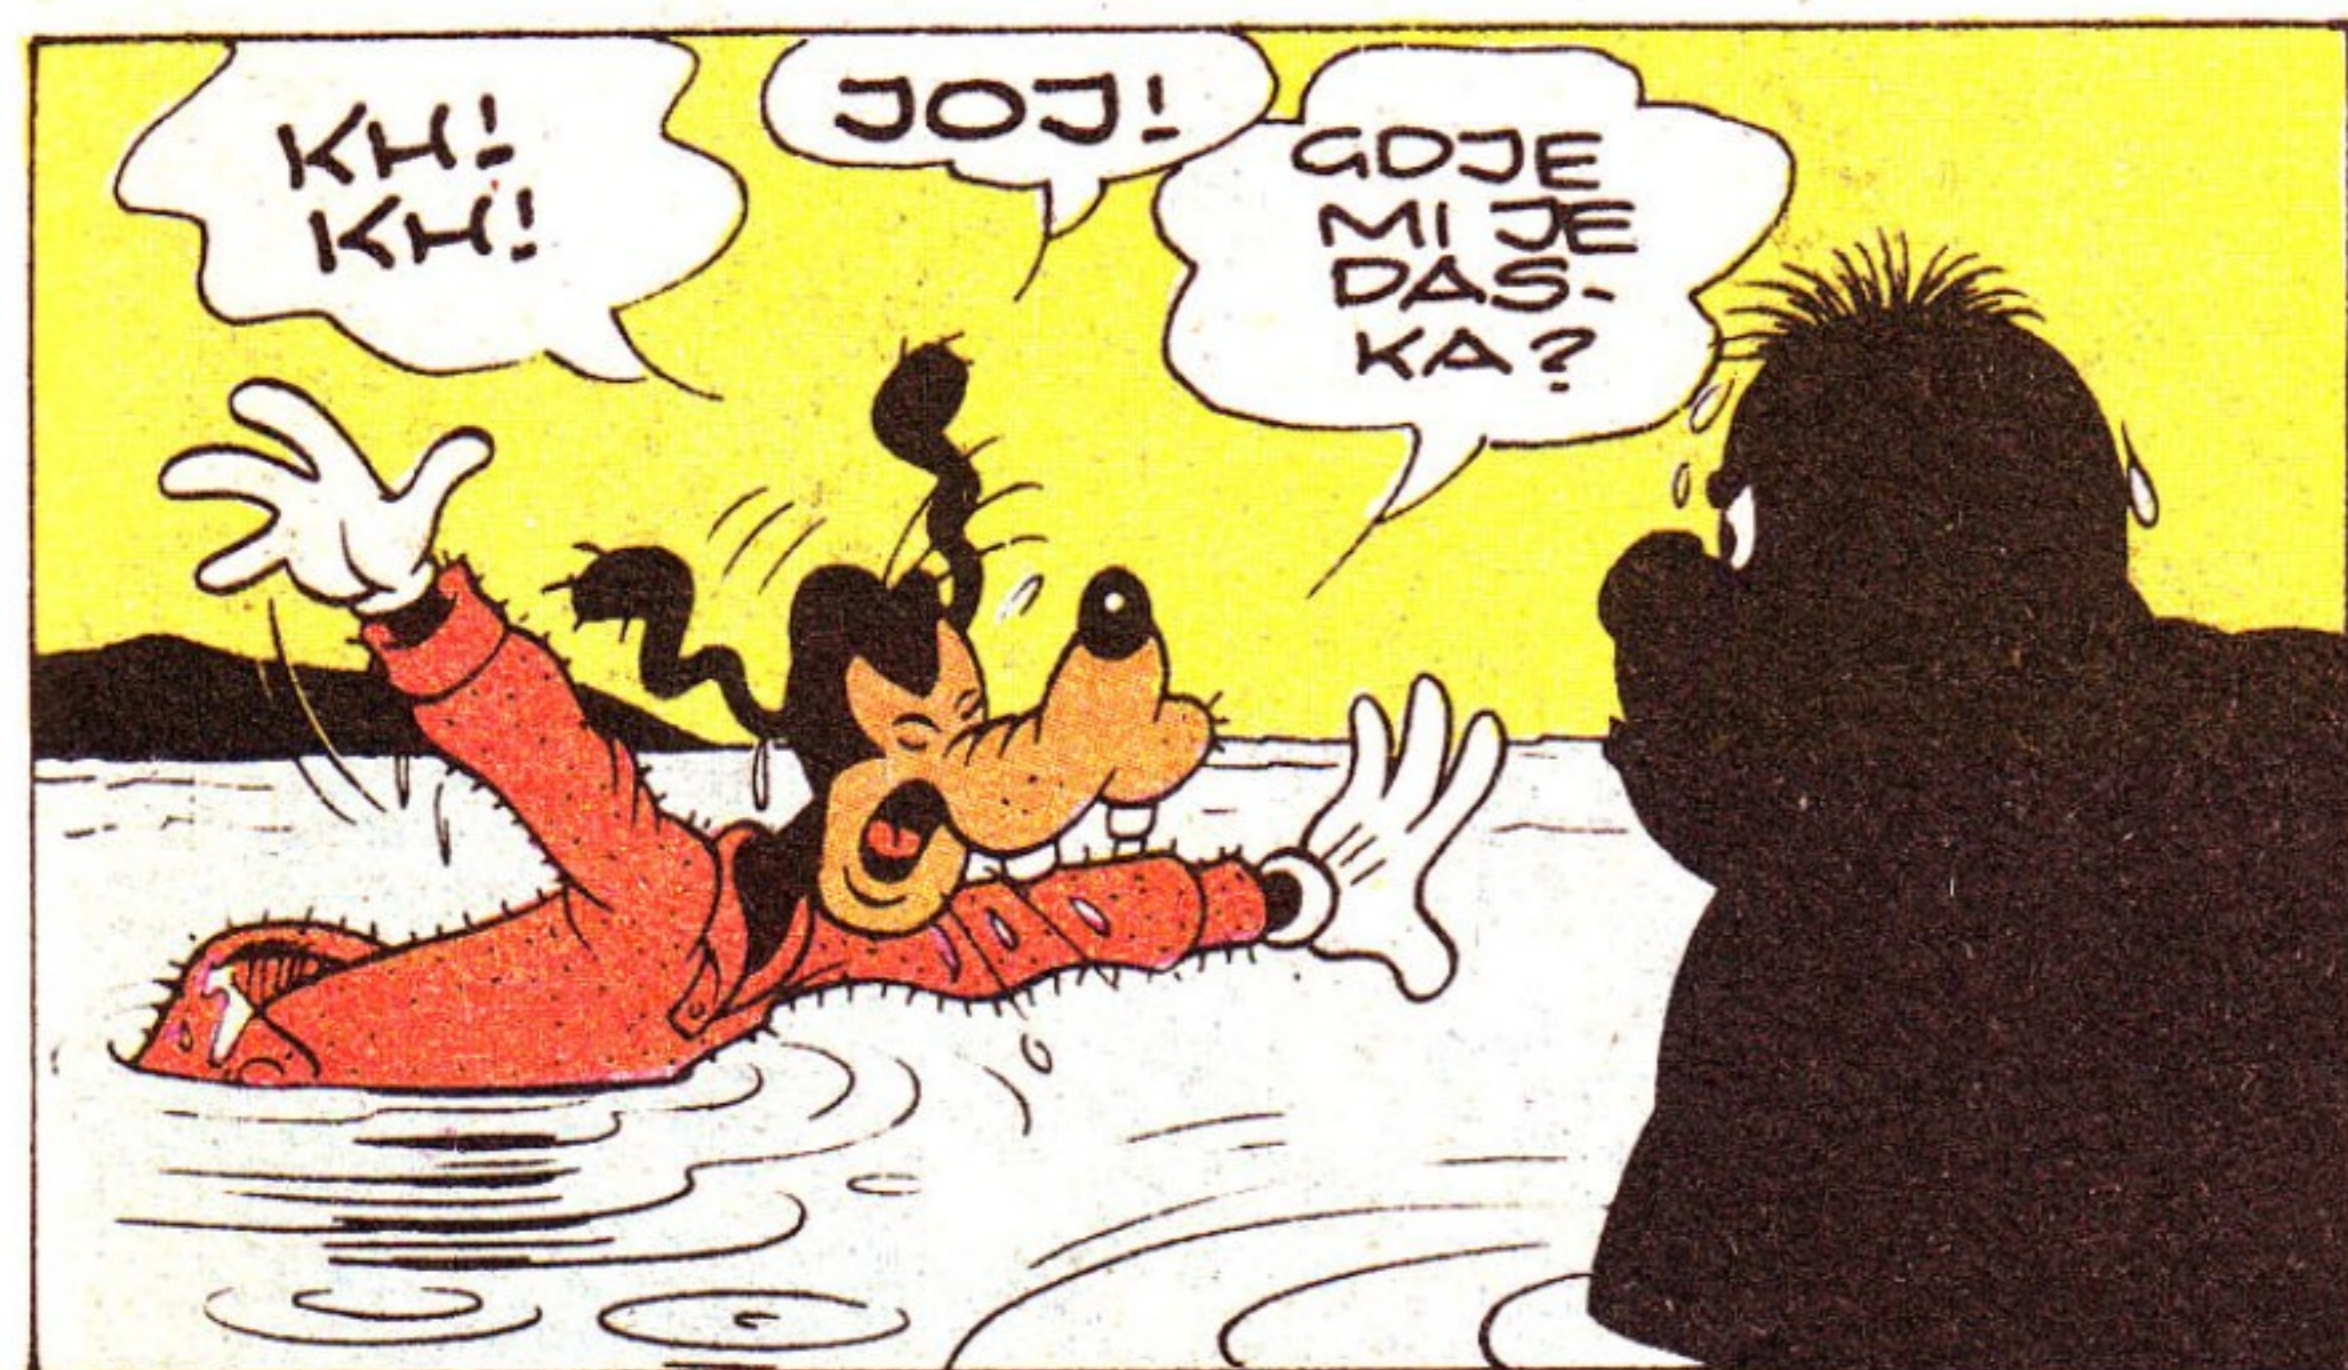

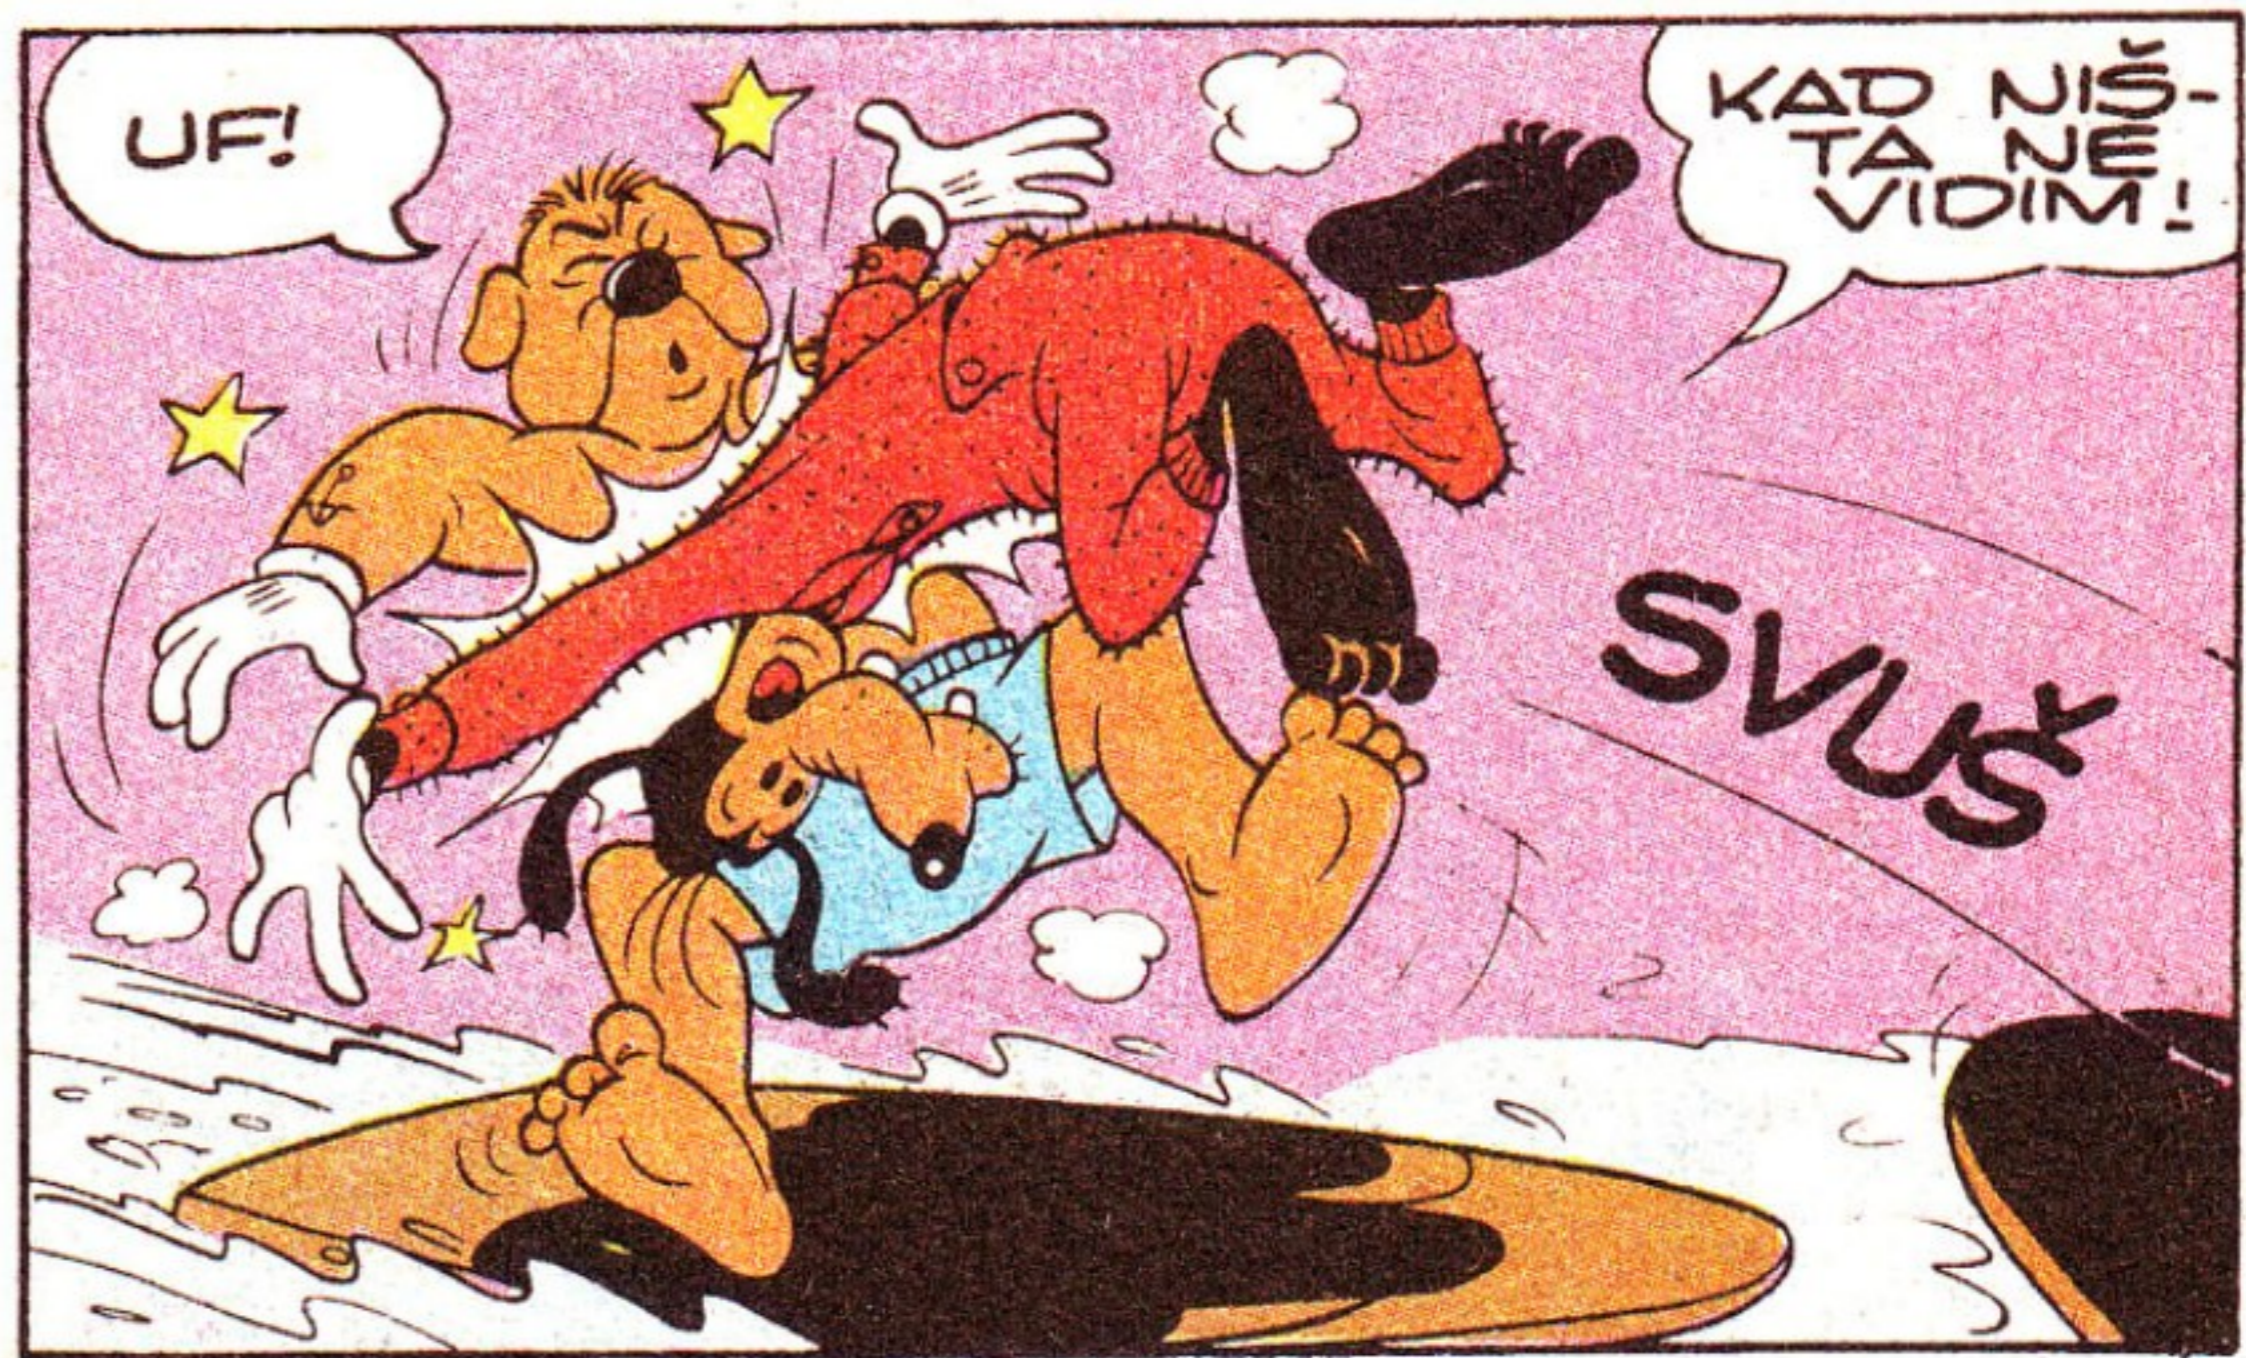

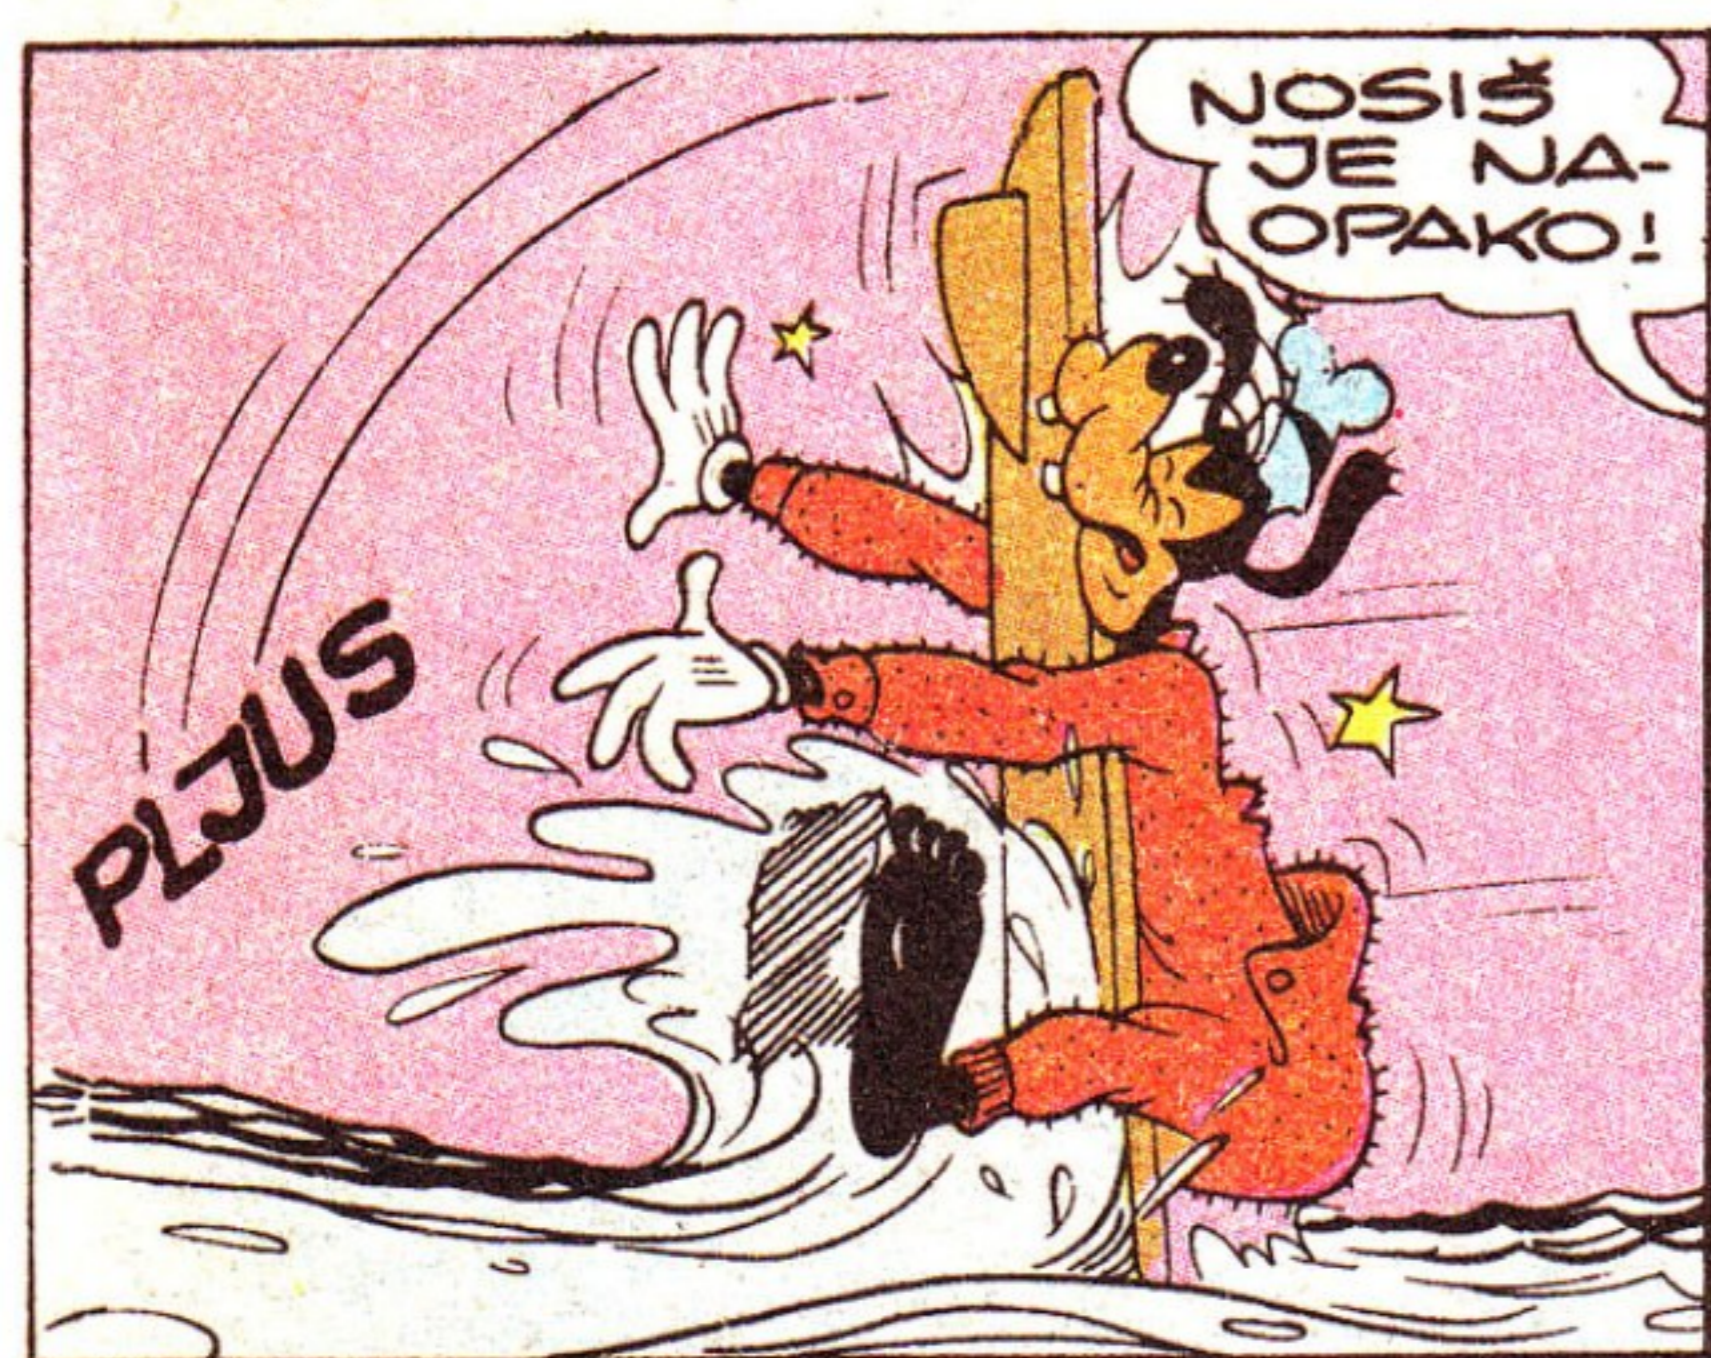

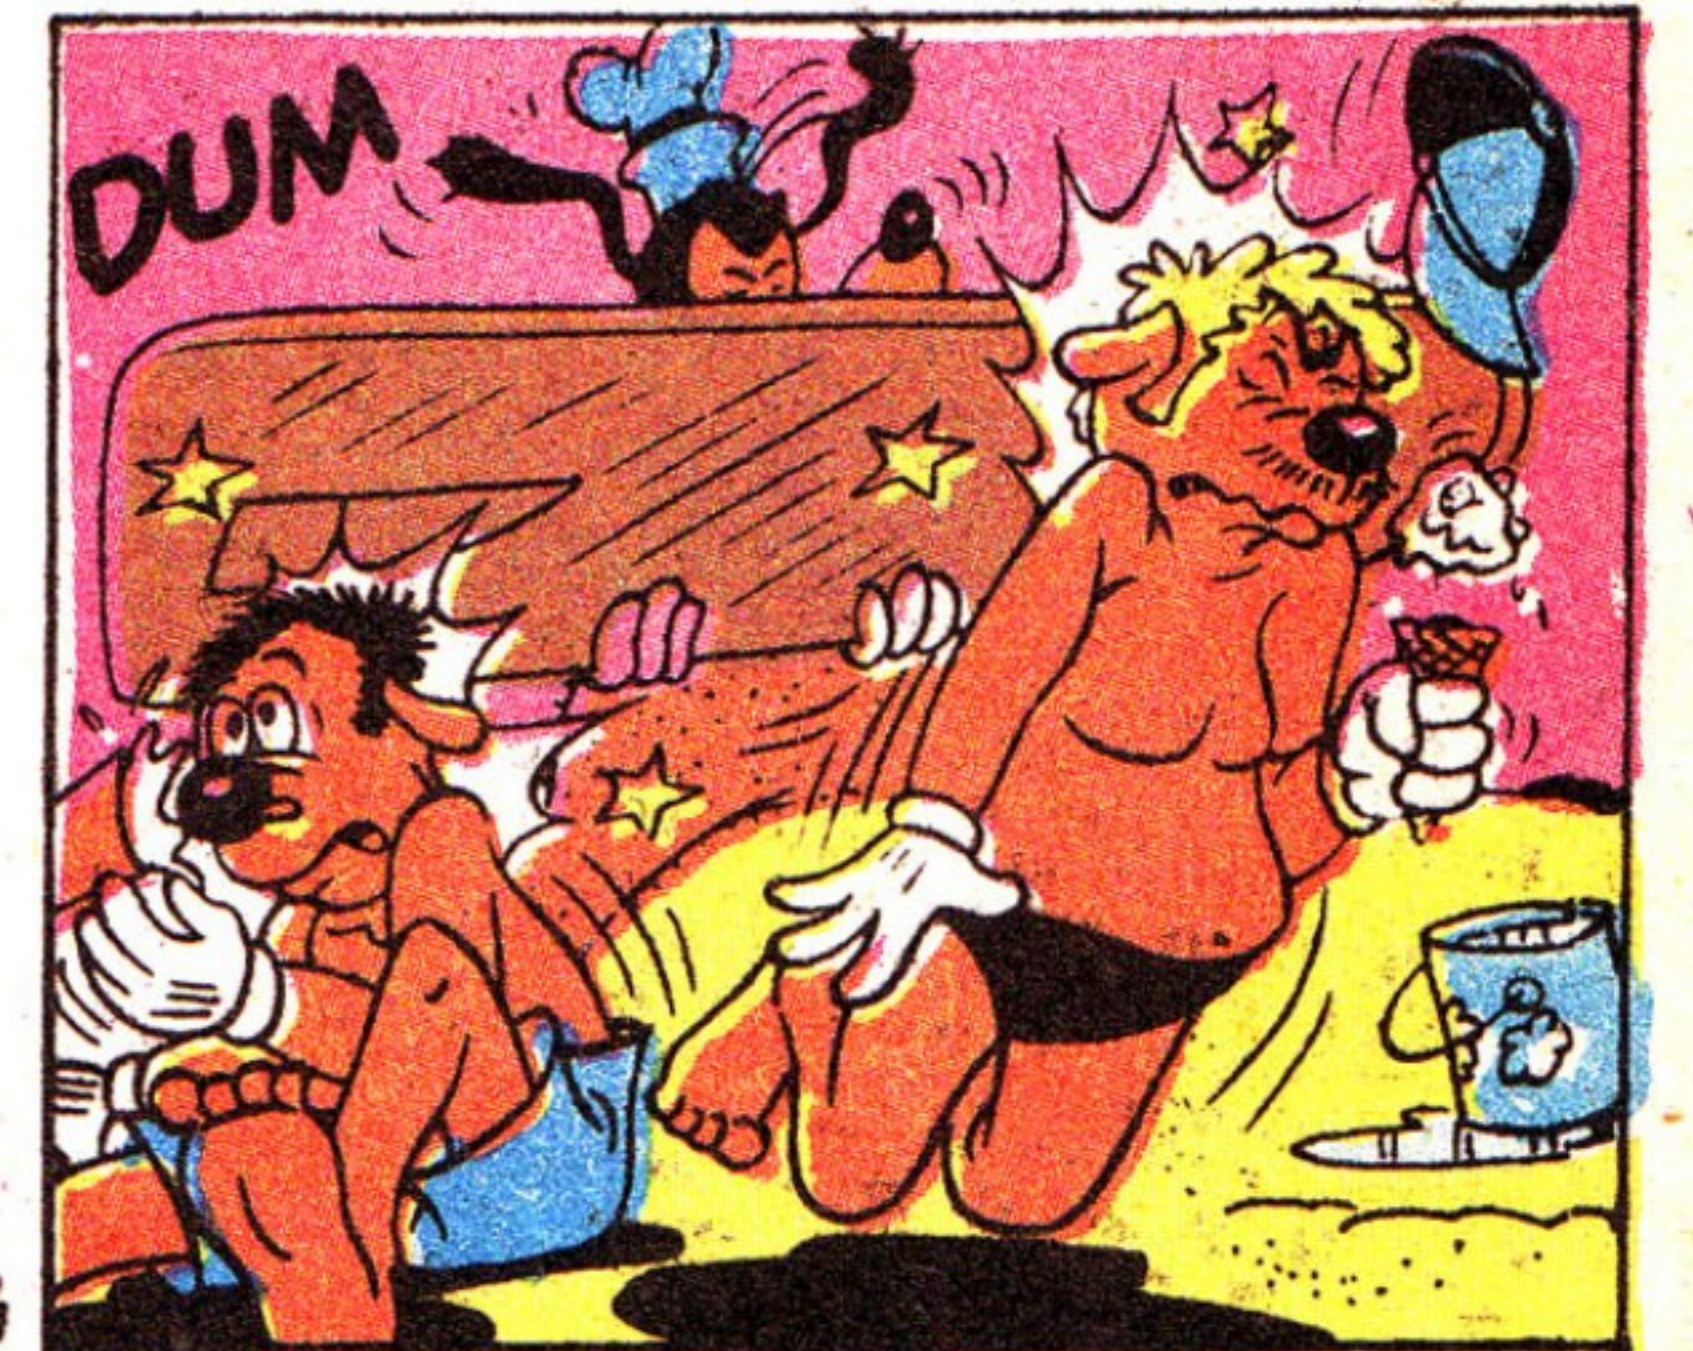

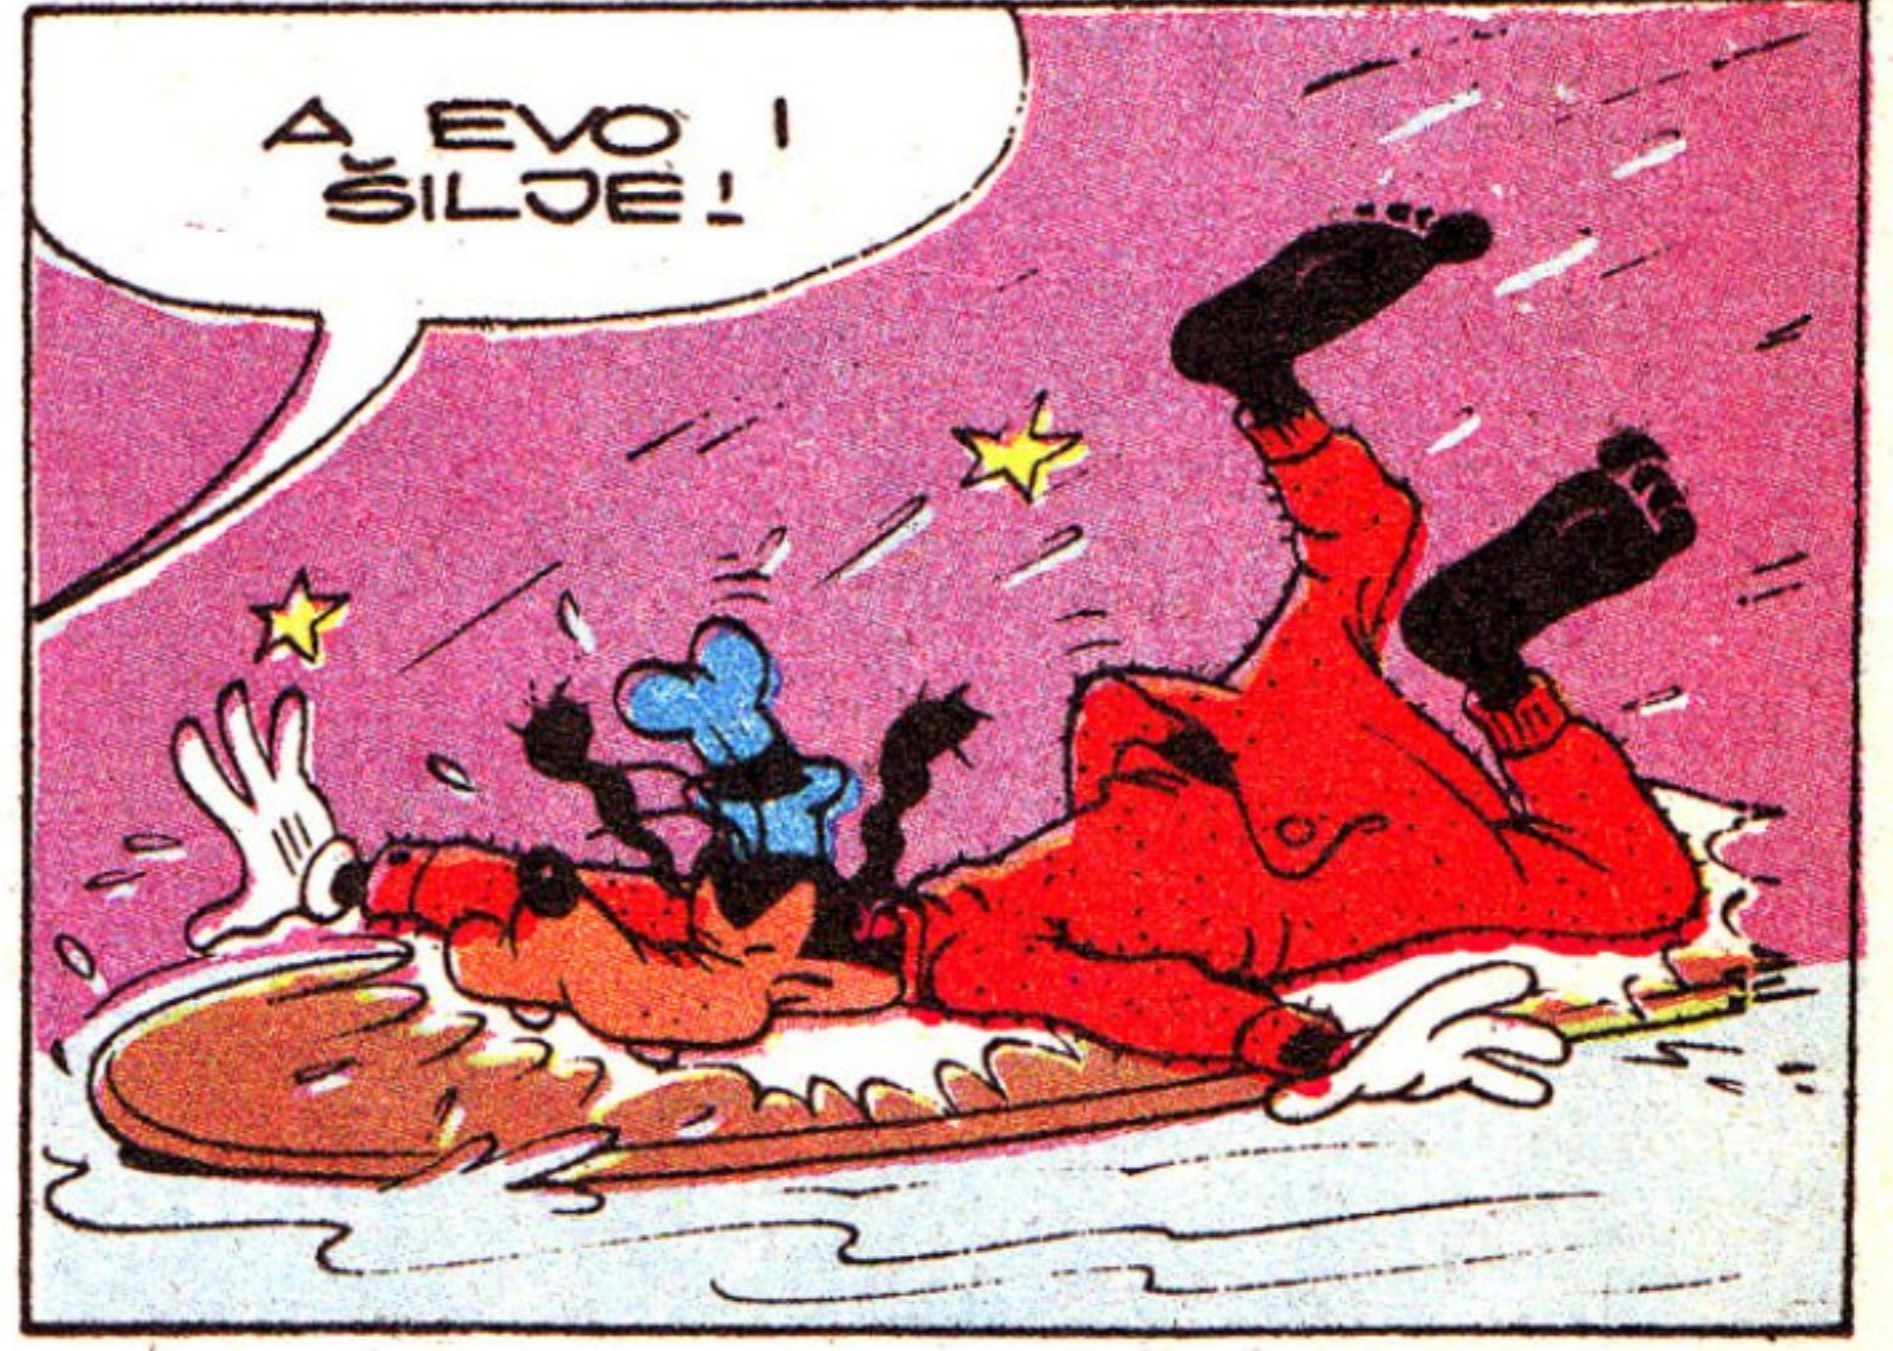

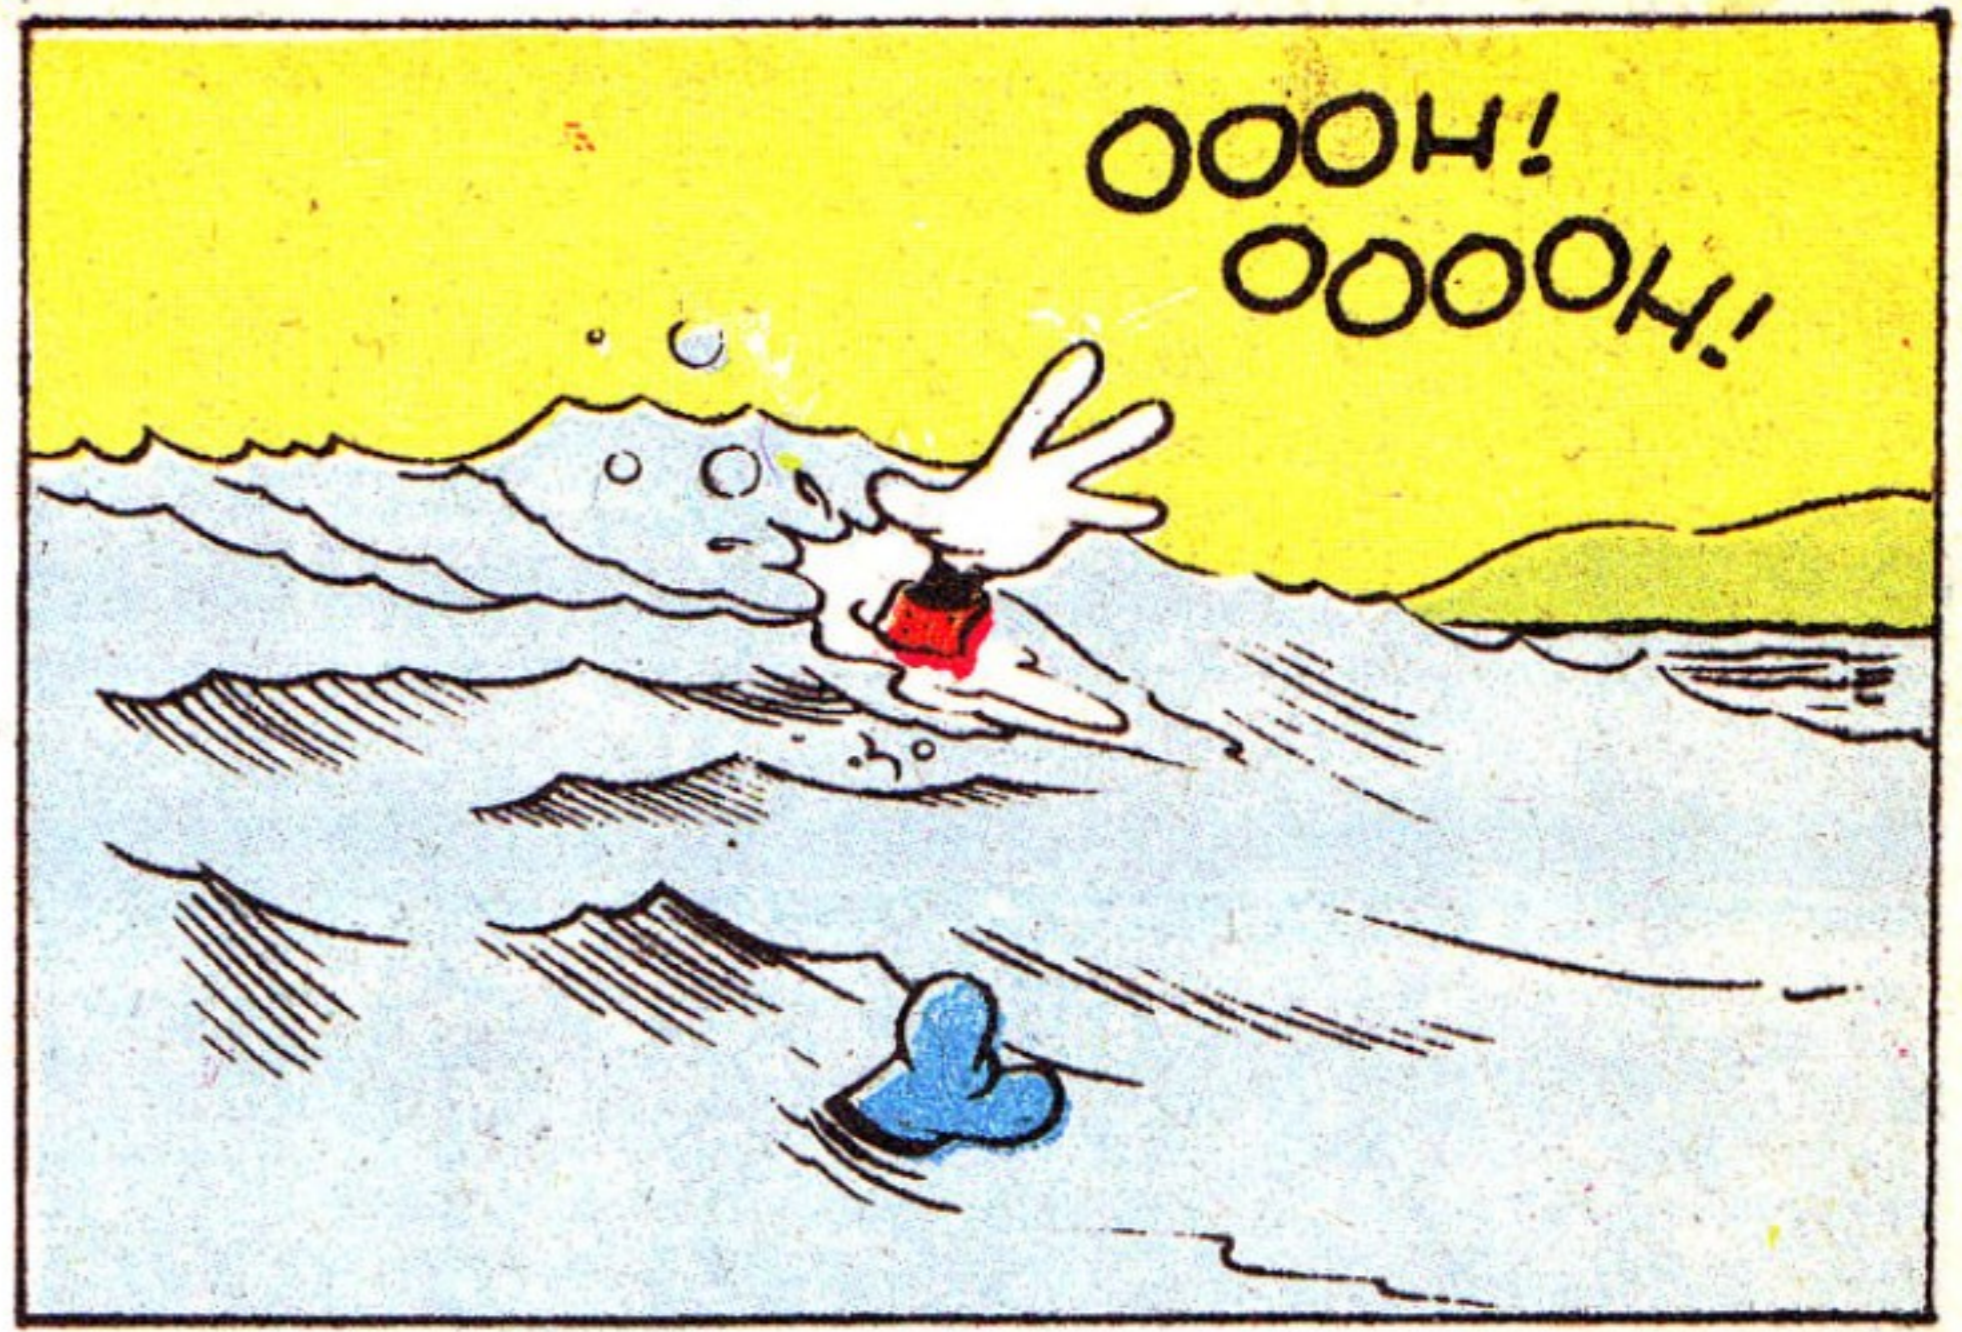

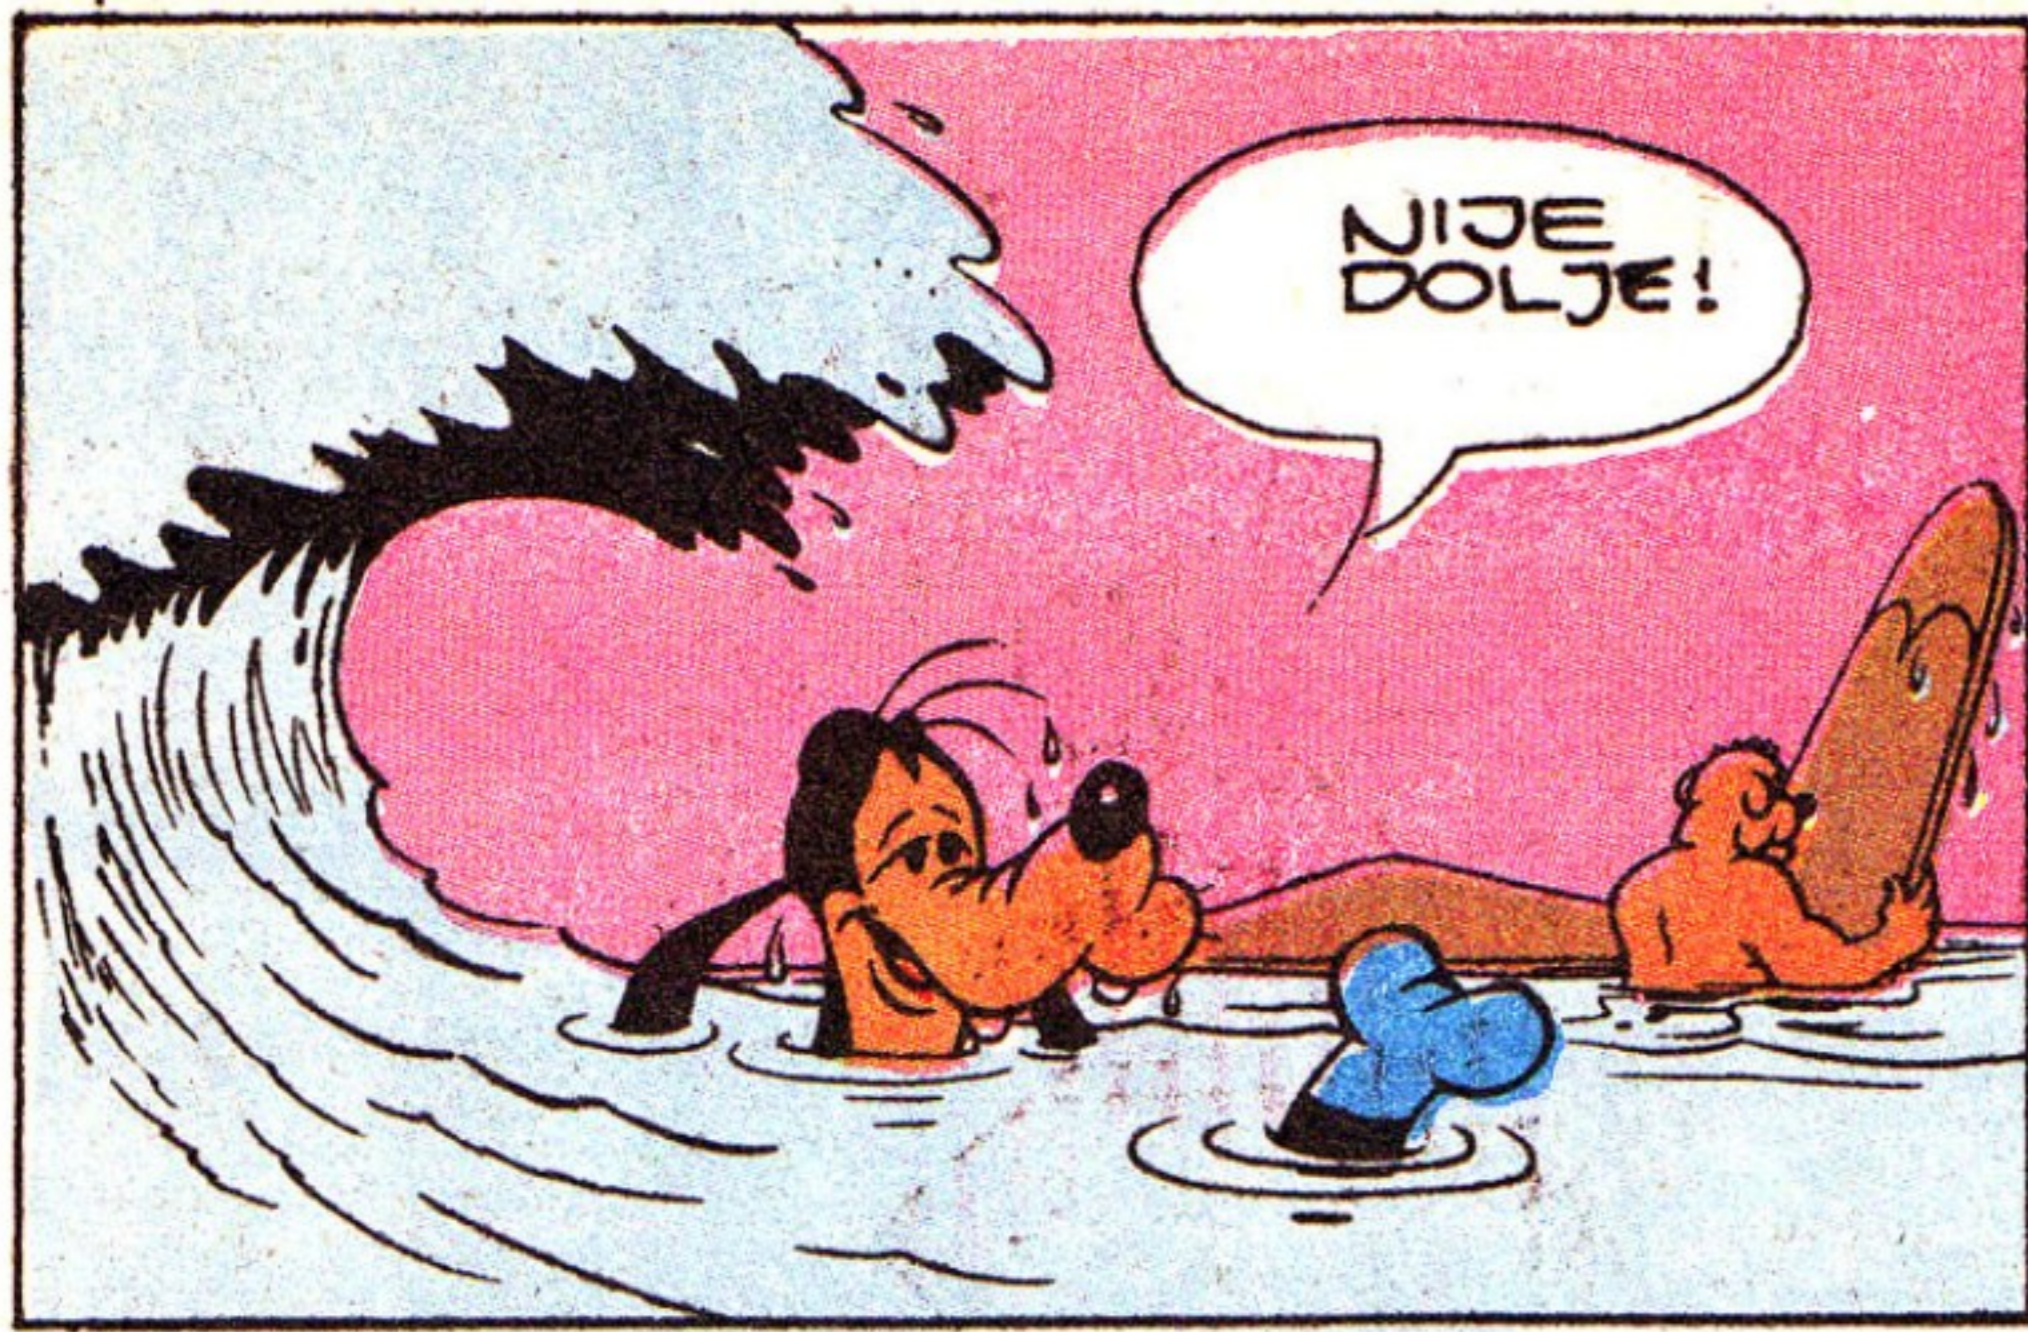

A JA ĆU SE ODMARATI S KNJIGOM U RUCI!

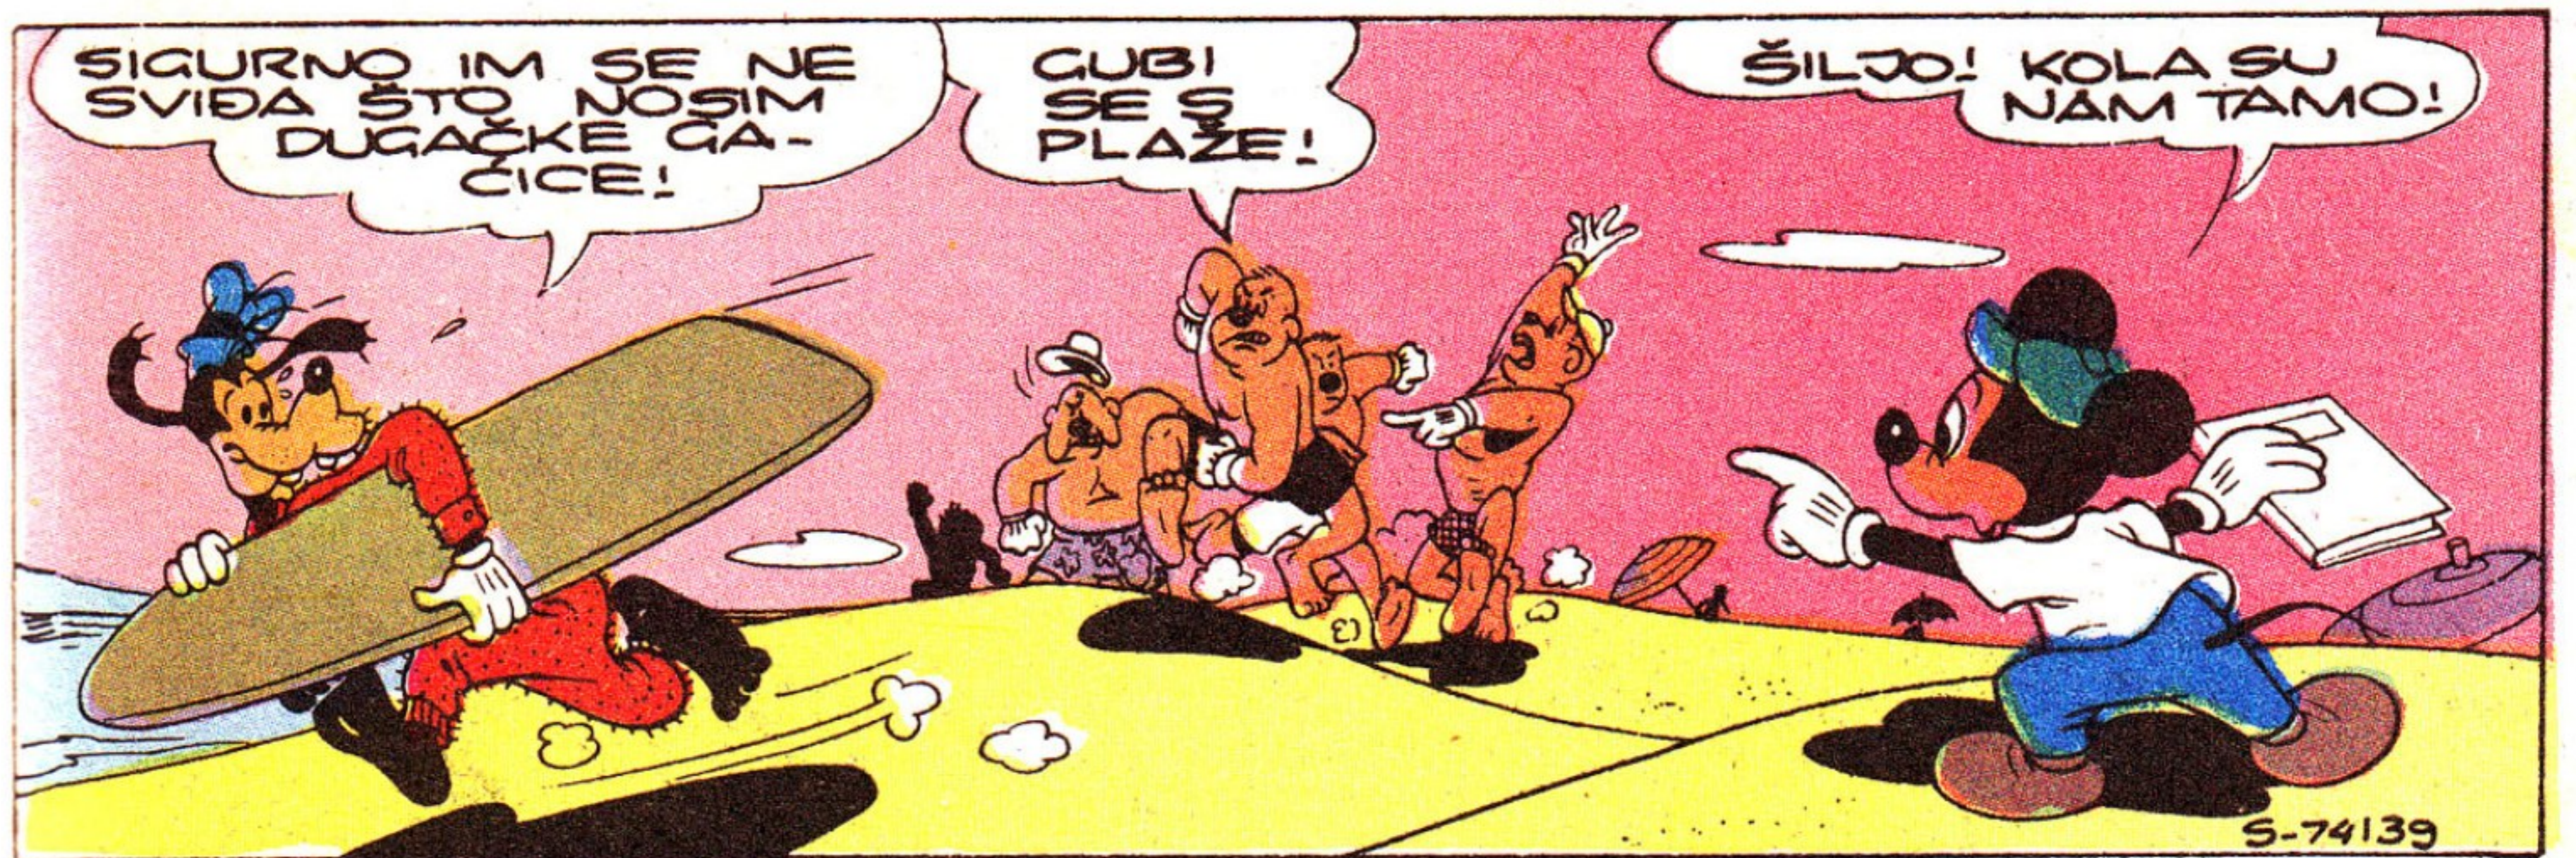

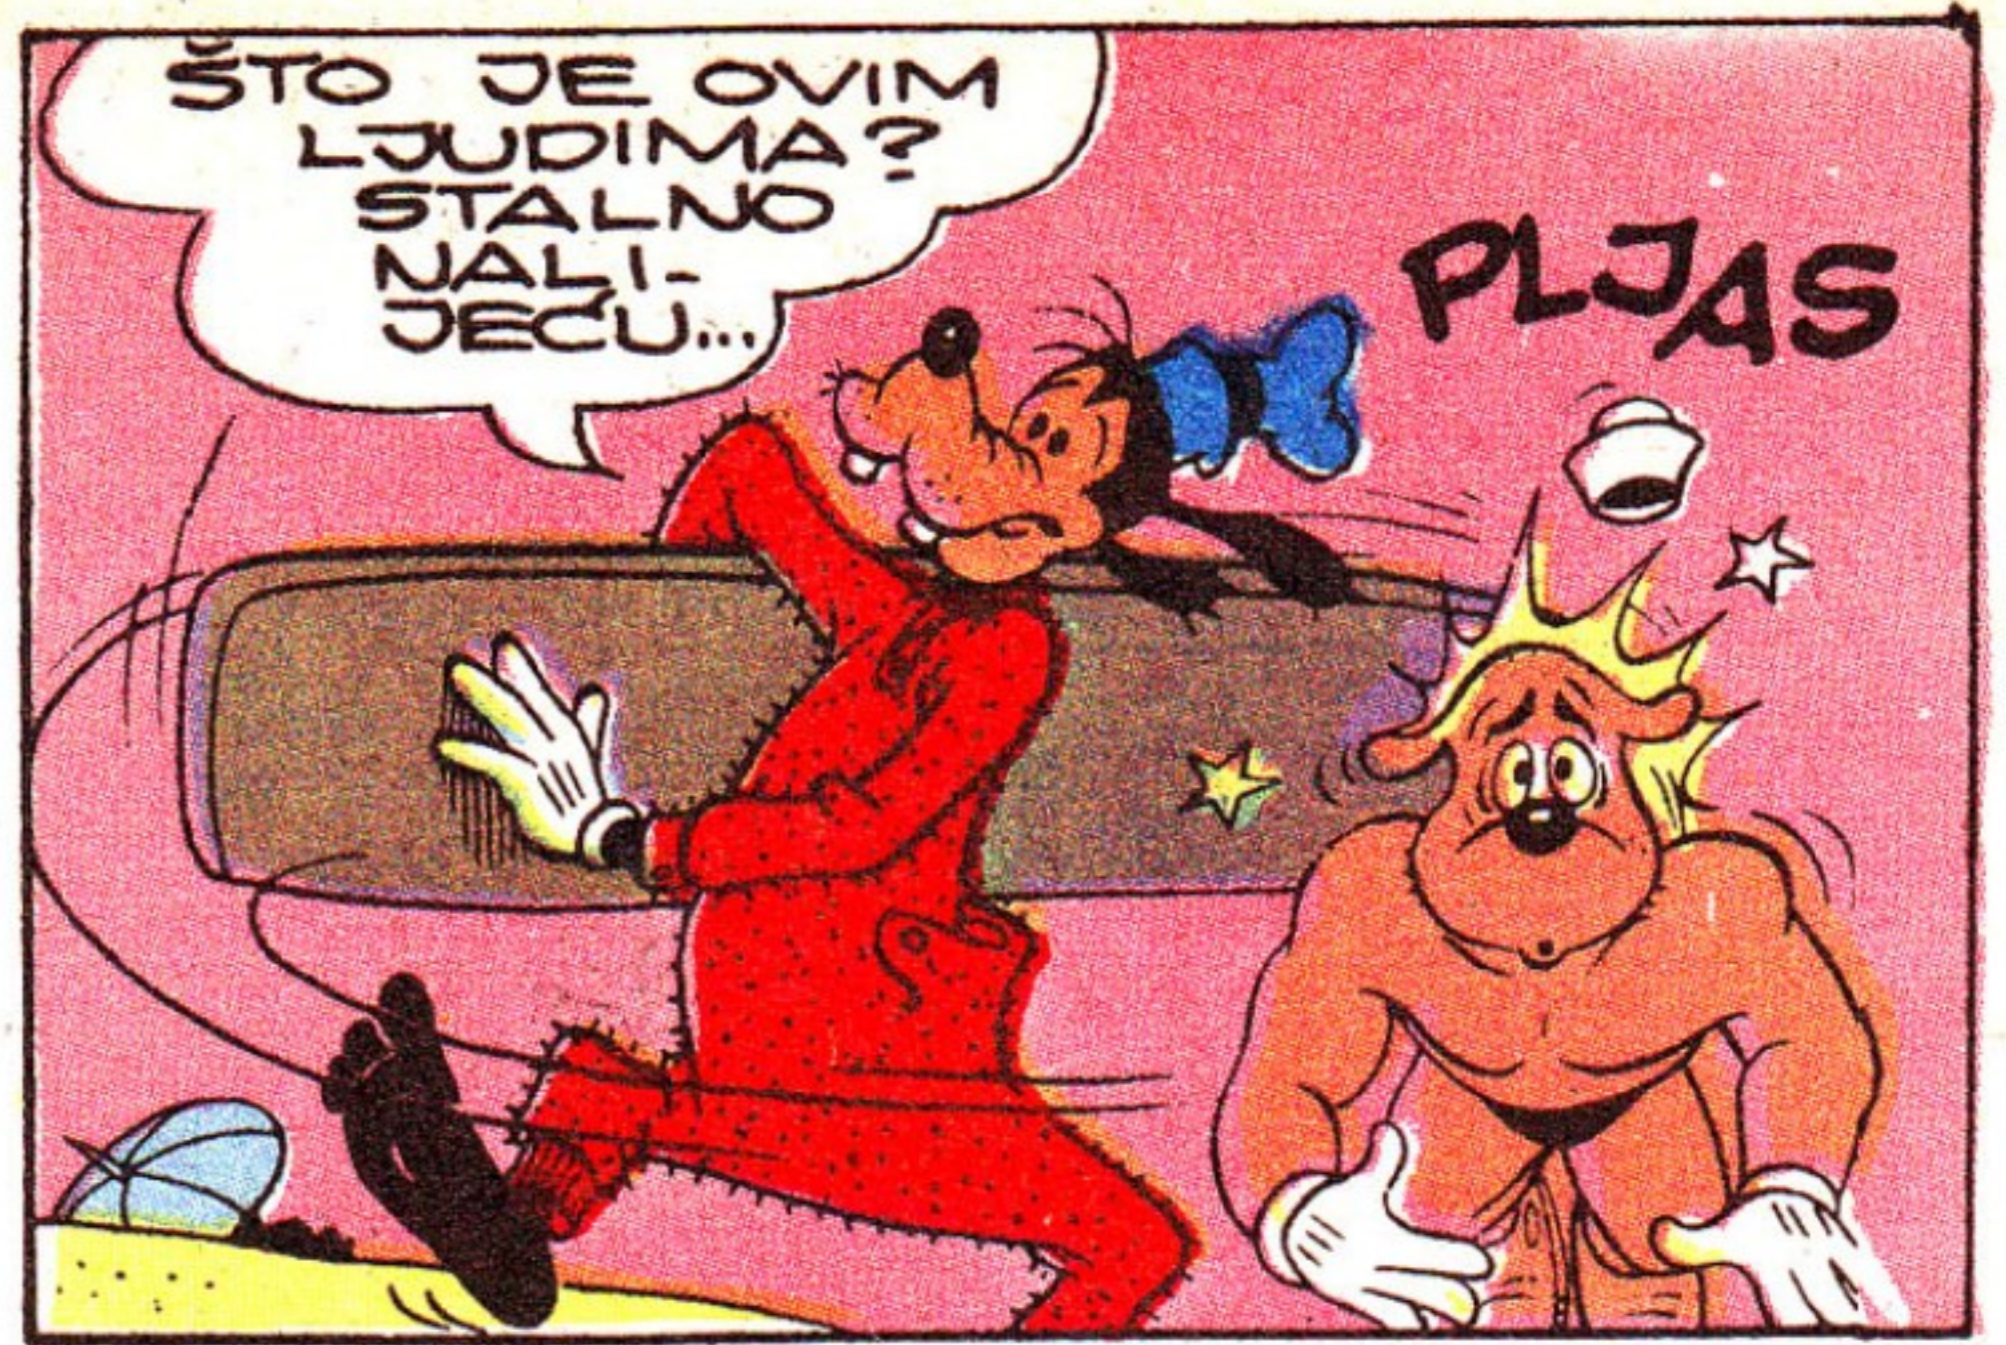

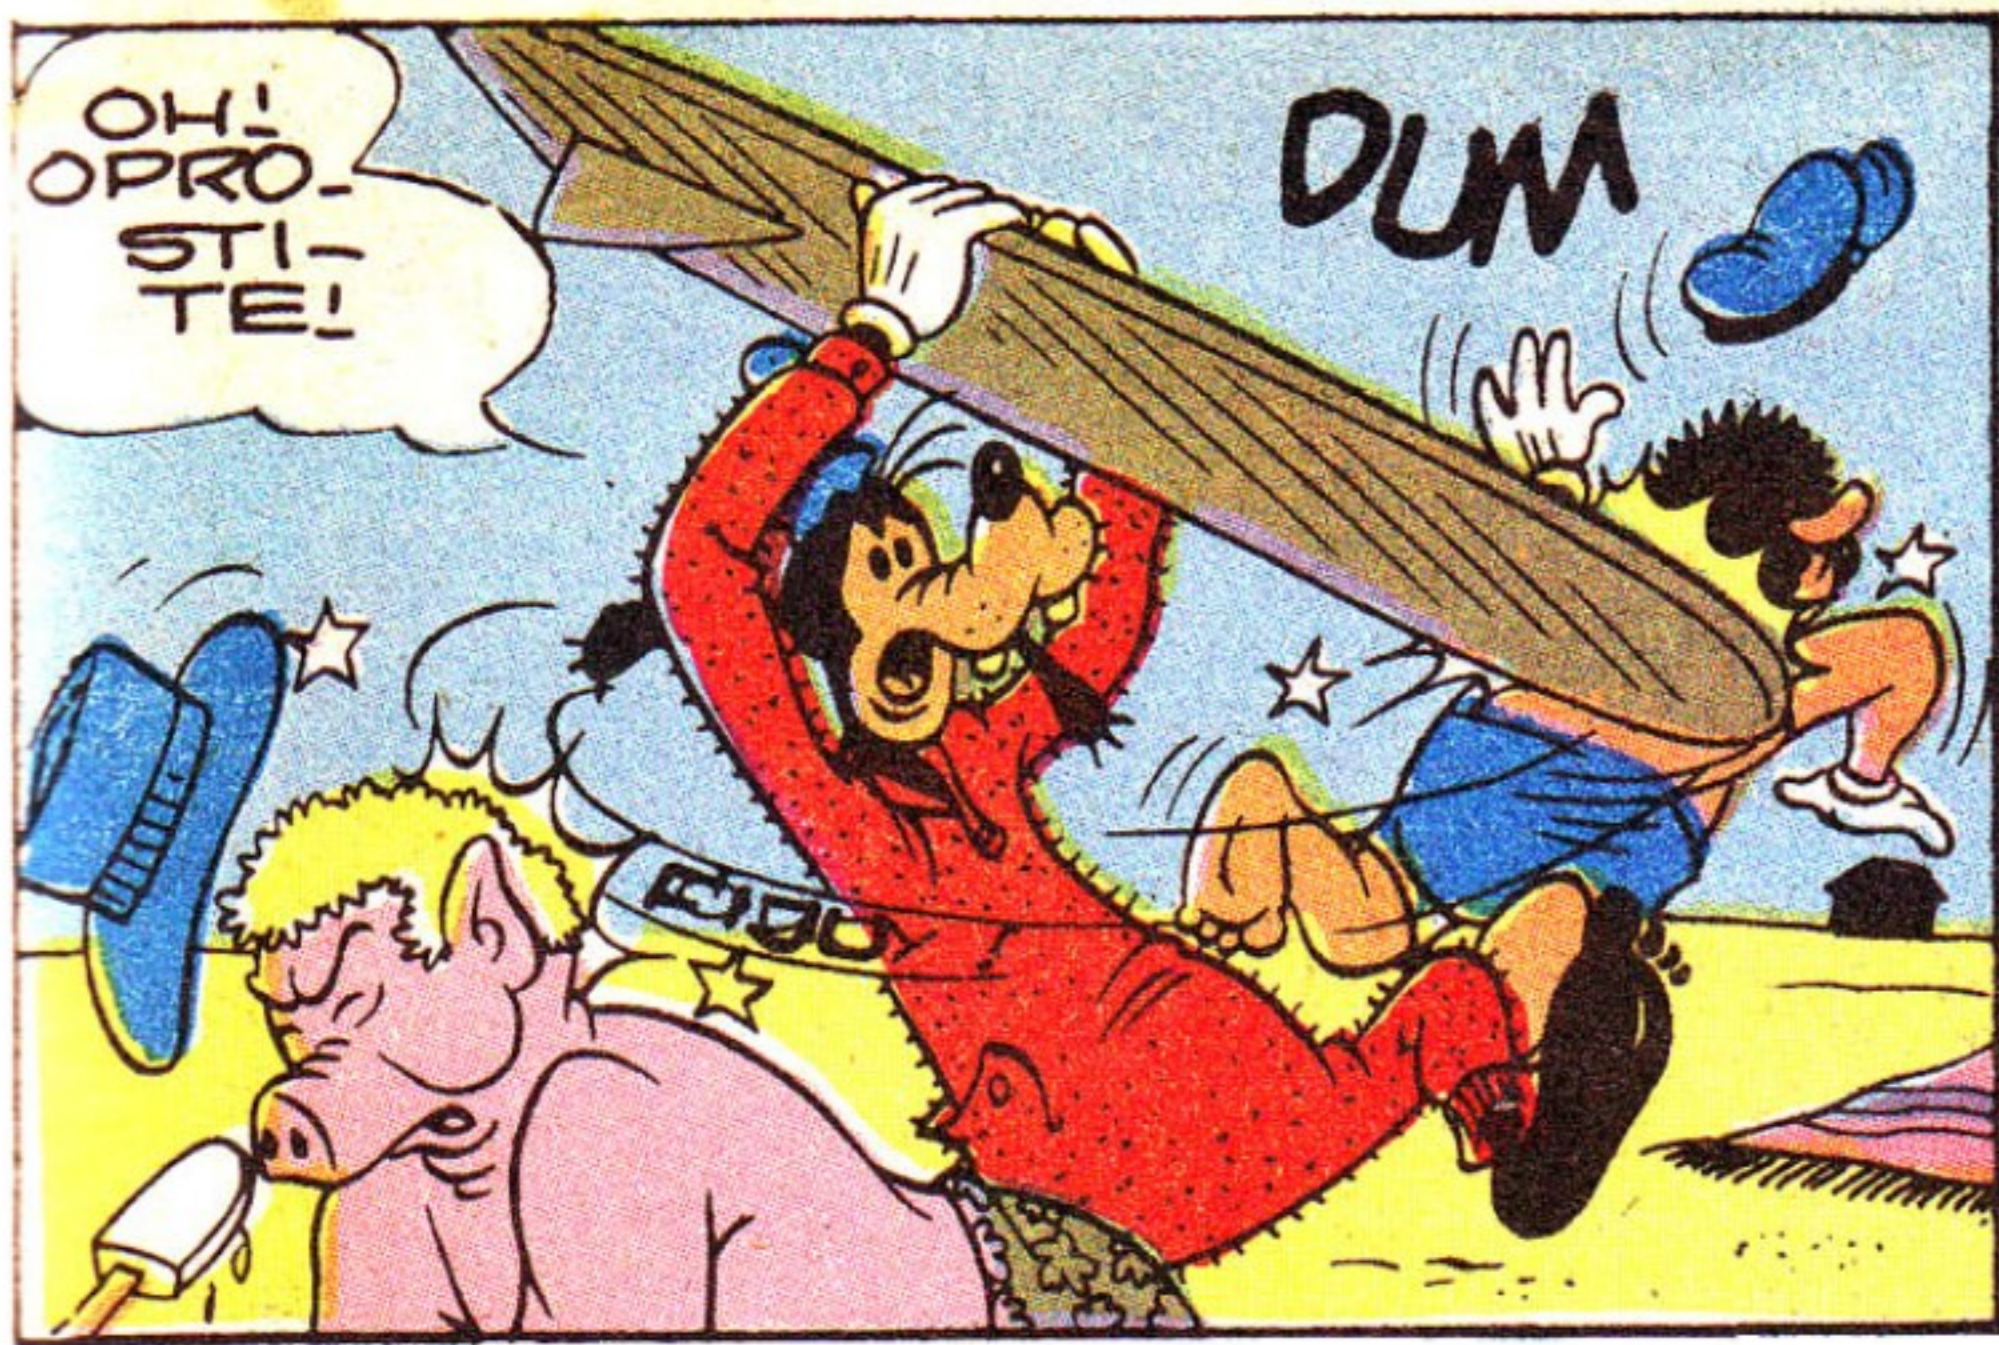

OH!

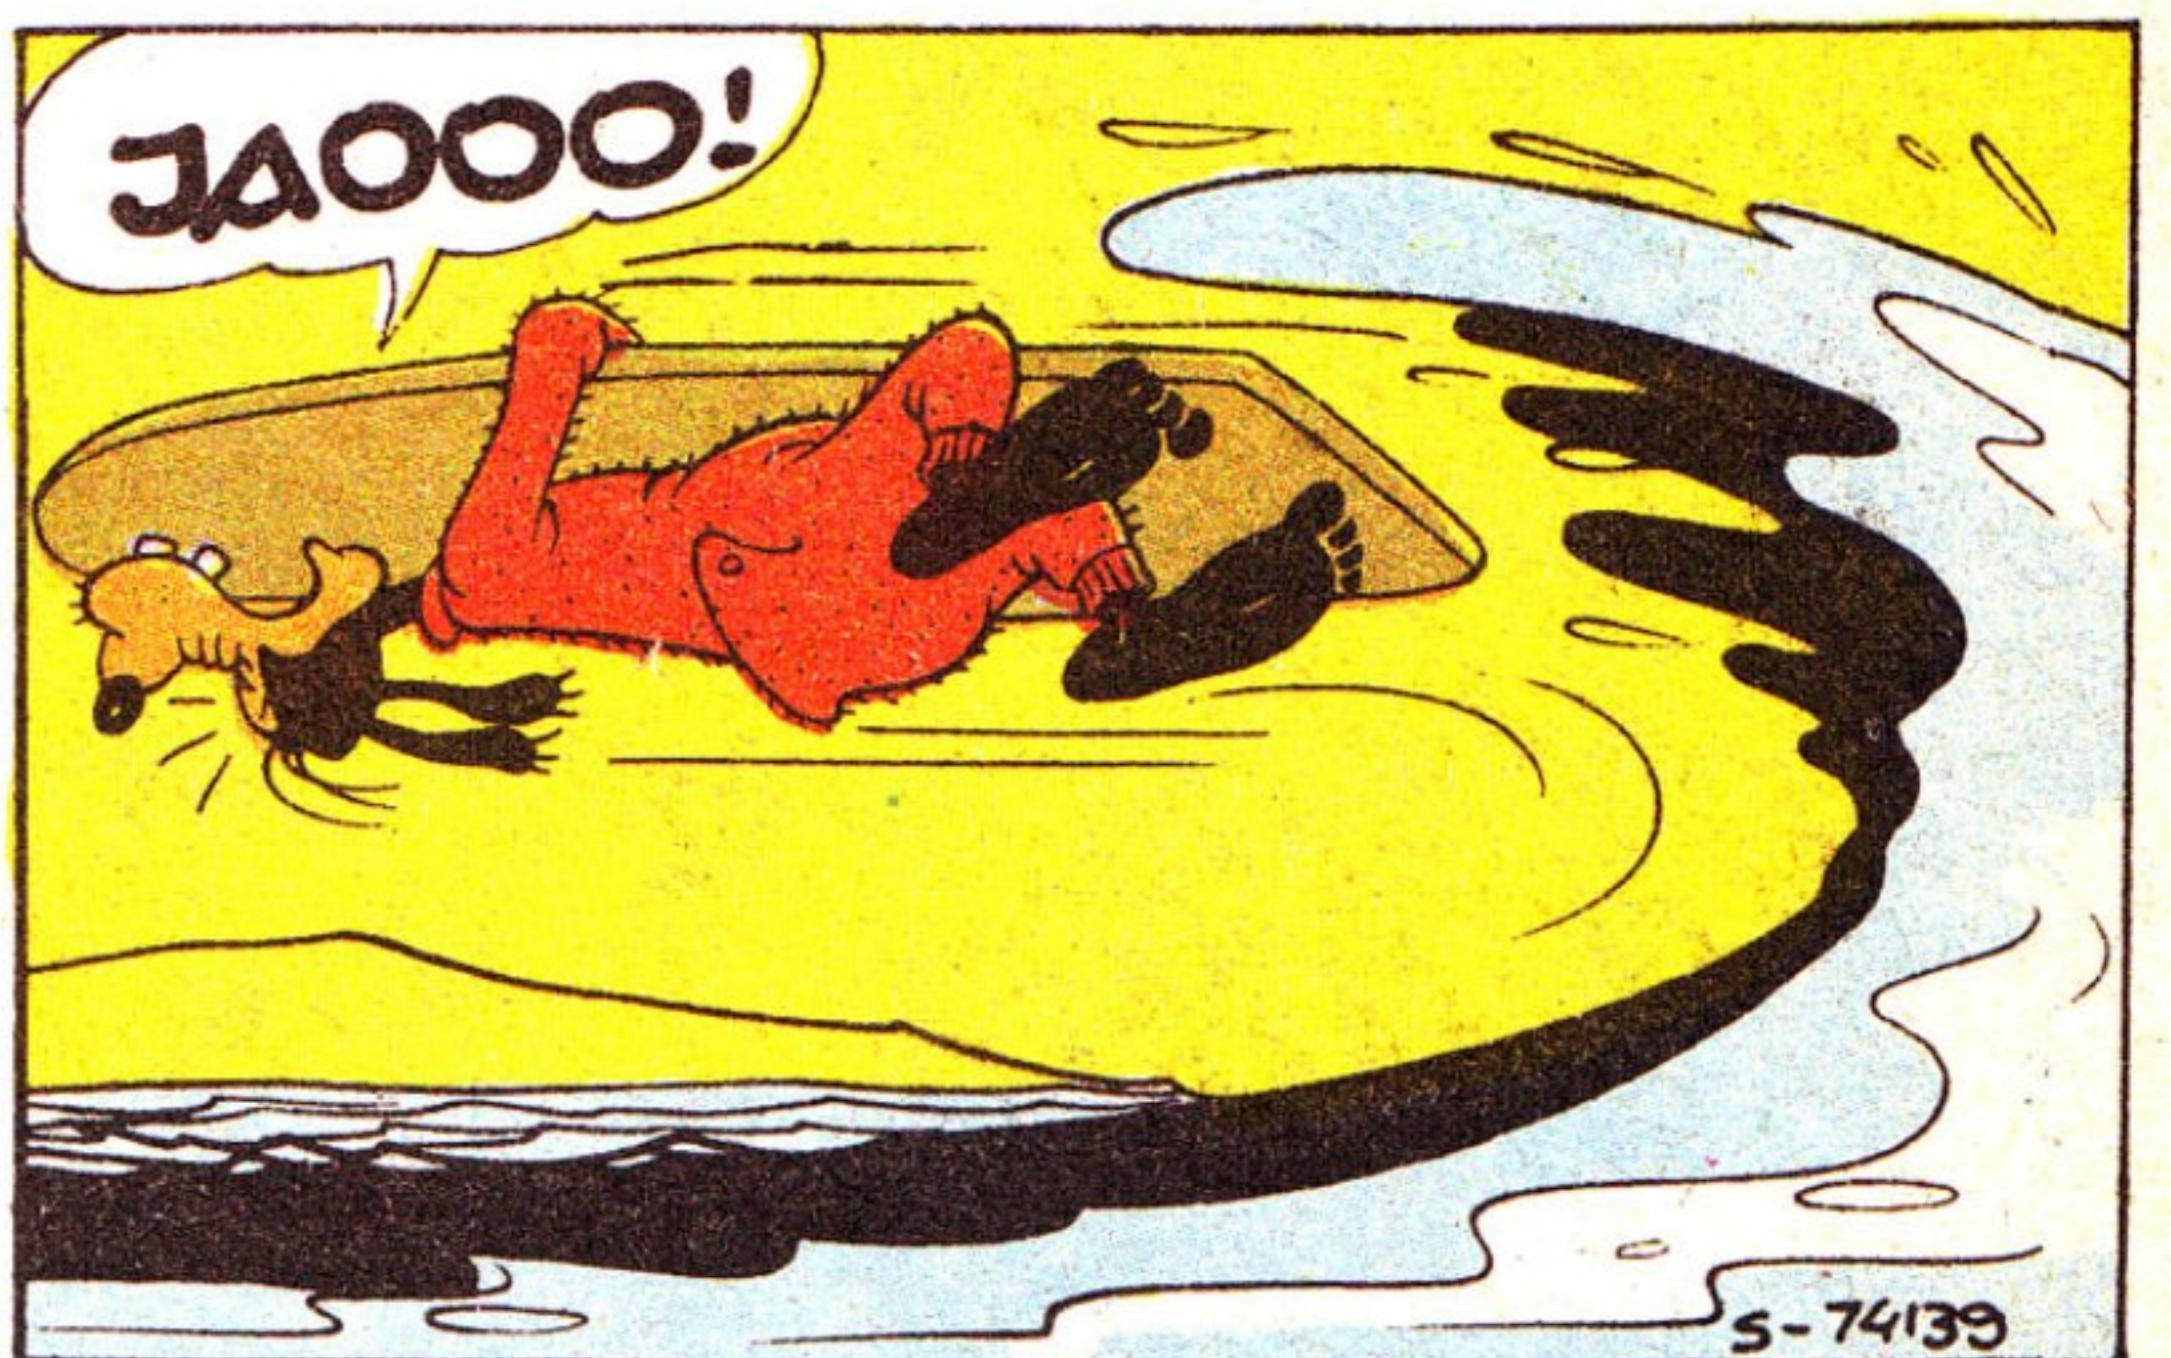

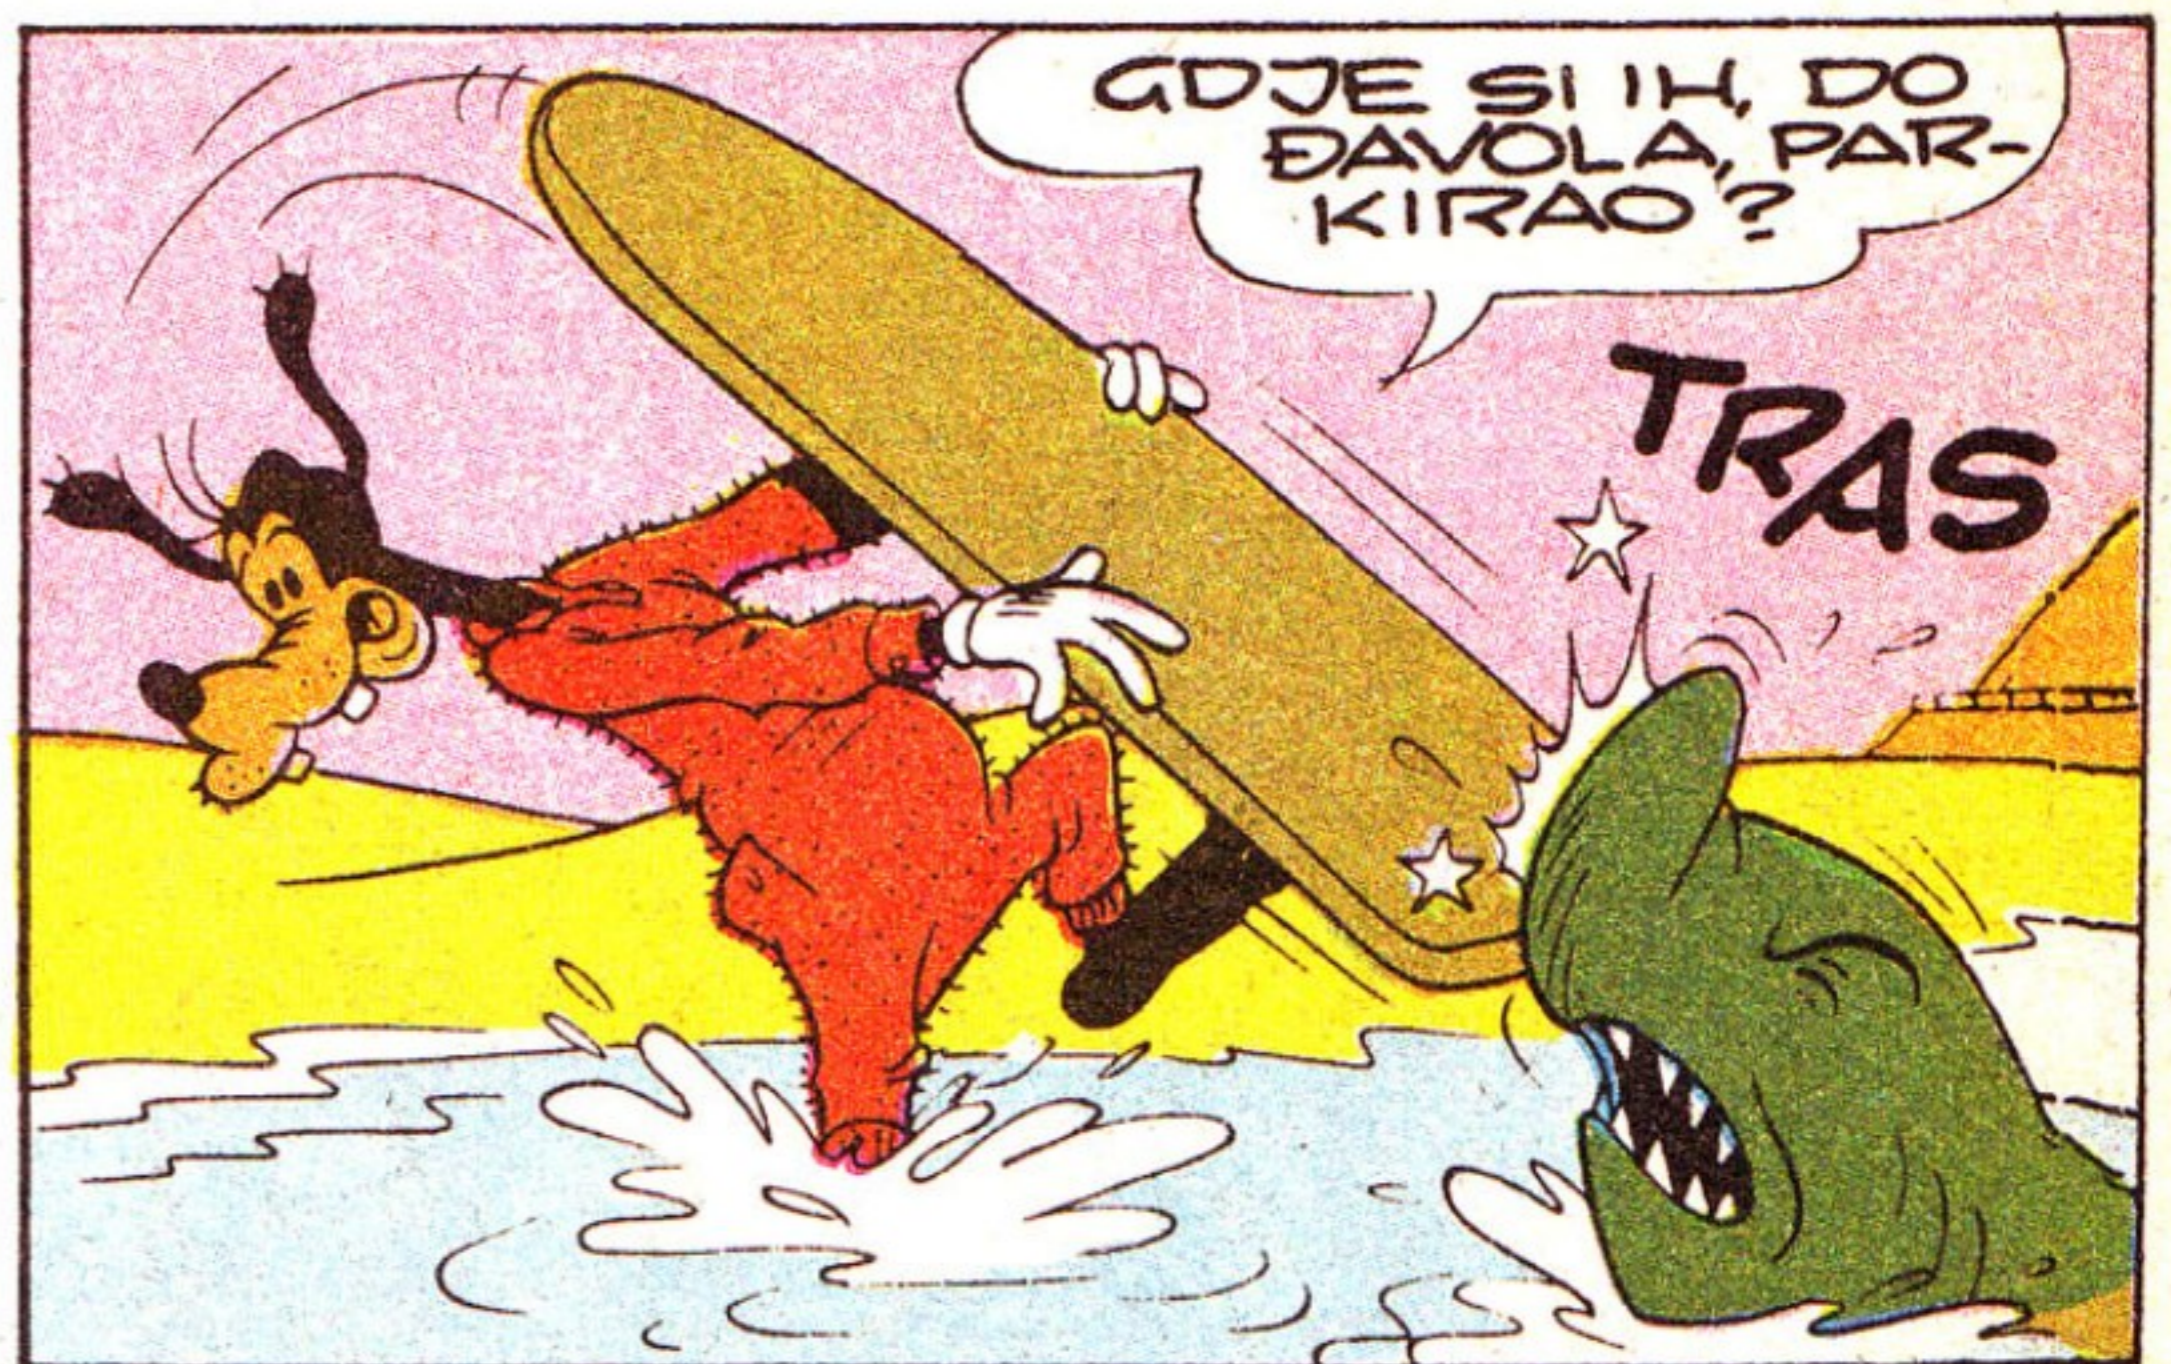

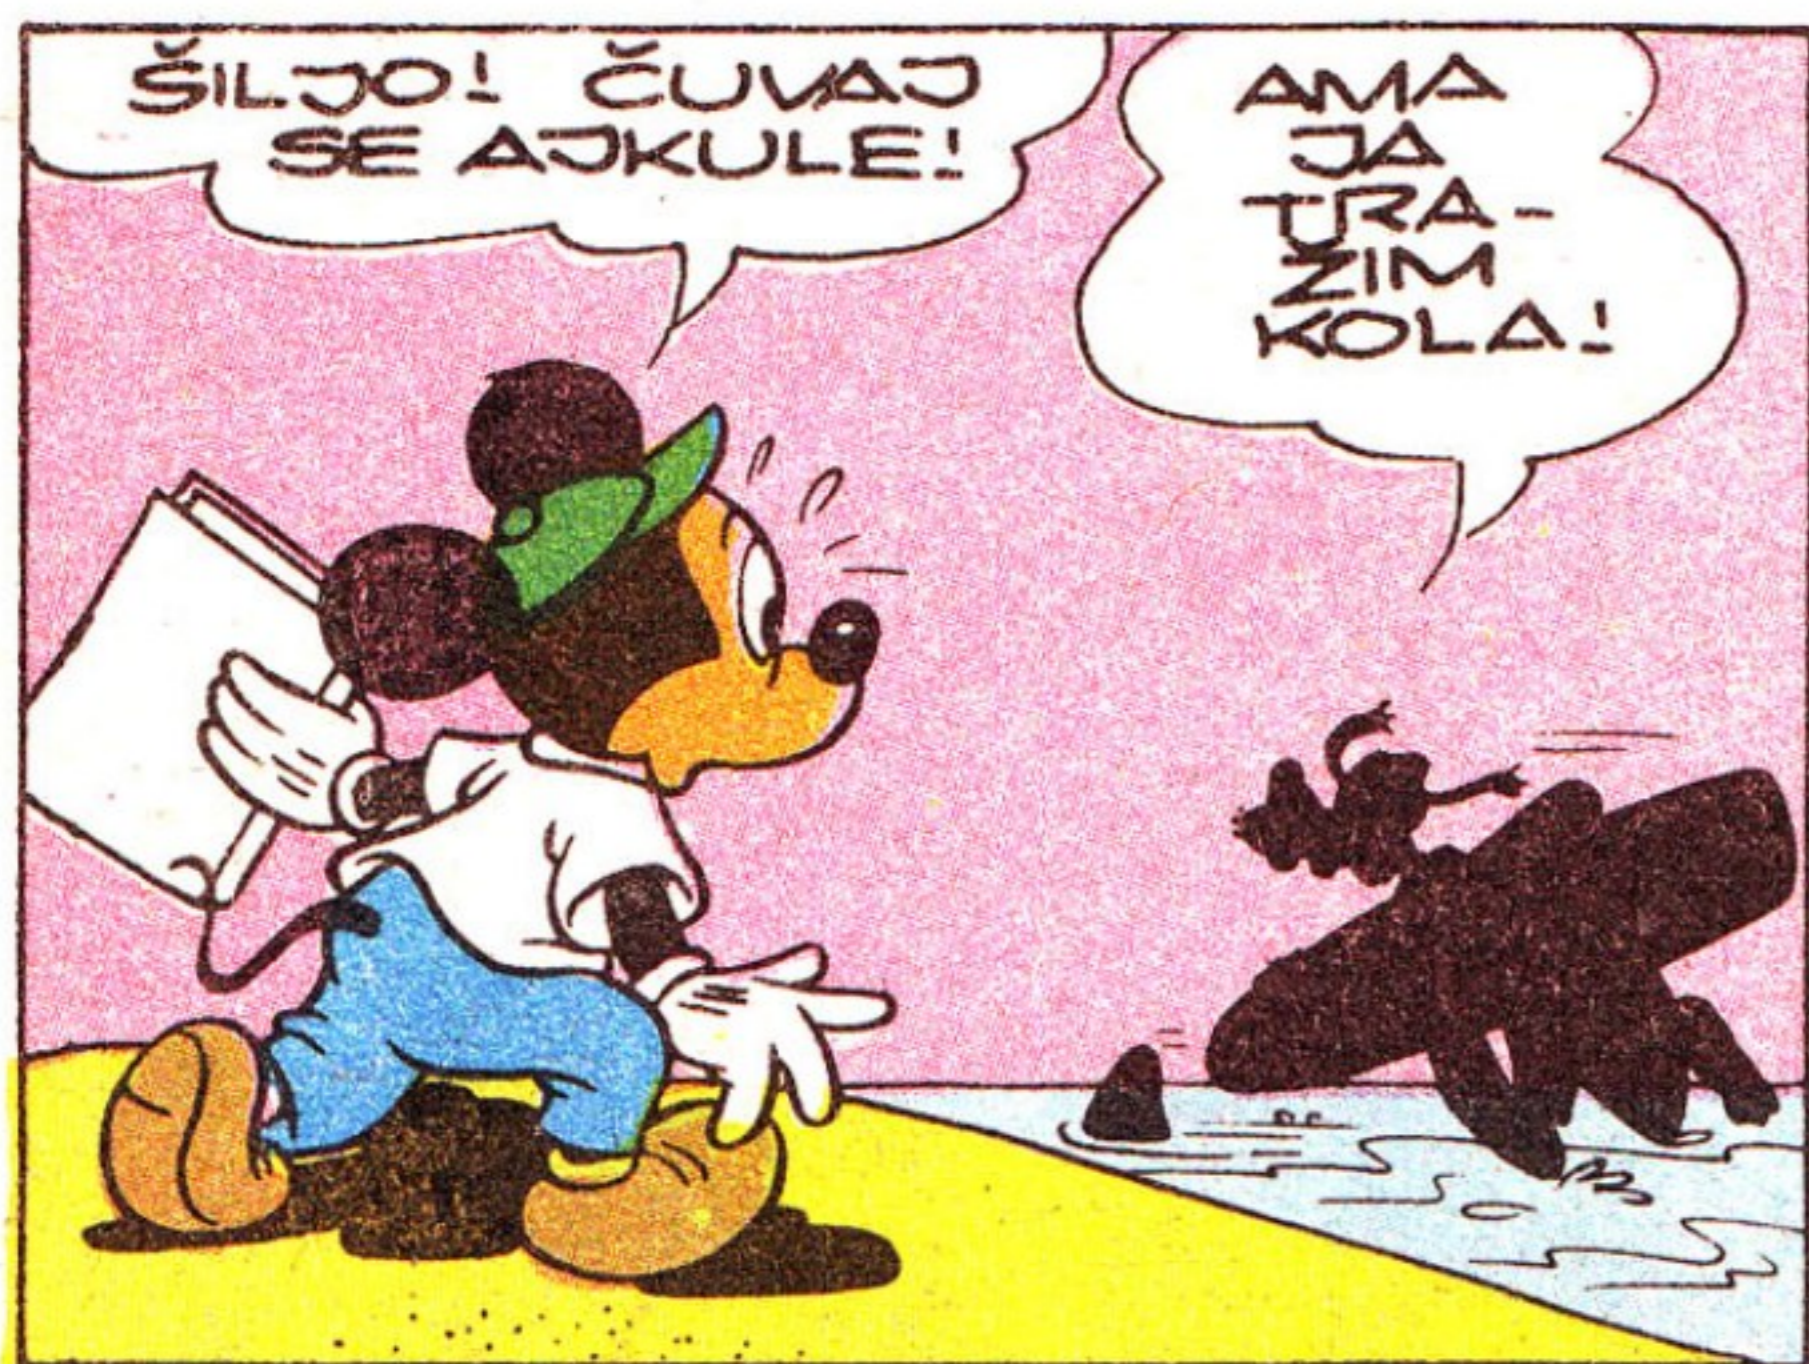

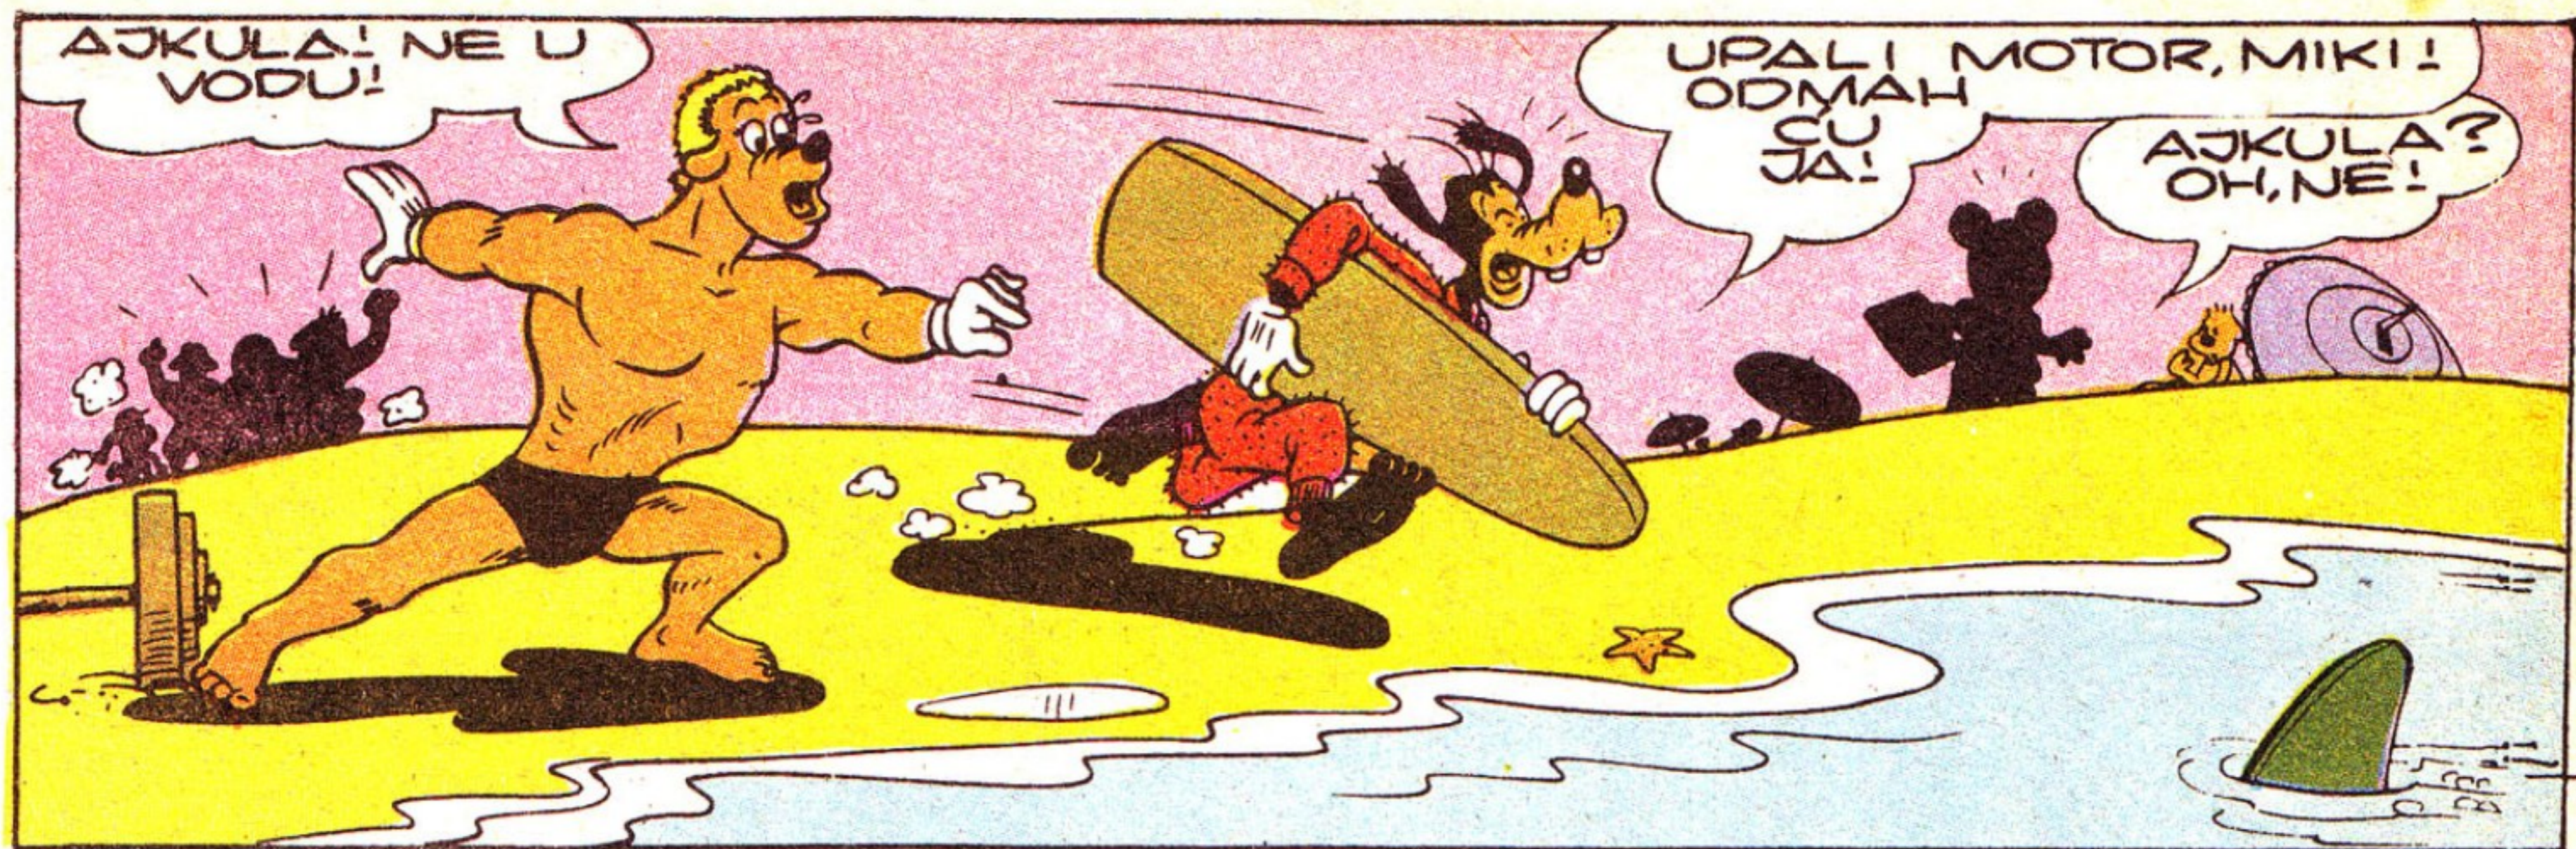

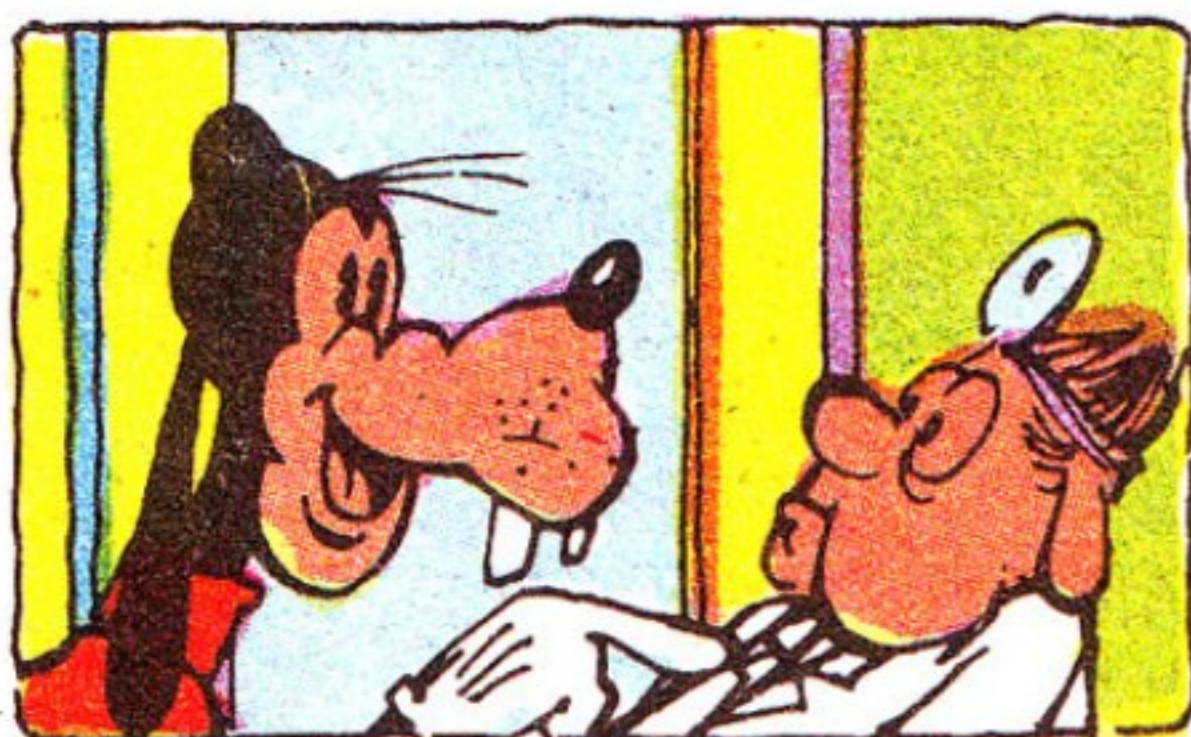

ČISTOĆA JE POLA ZDRAVLJA

Šiljo kaže liječniku:

— Ja sam bio kod vas prije dva mjeseca zbog reumatizma i onda ste mi rekli da se čuvam vlažnih mjesta!

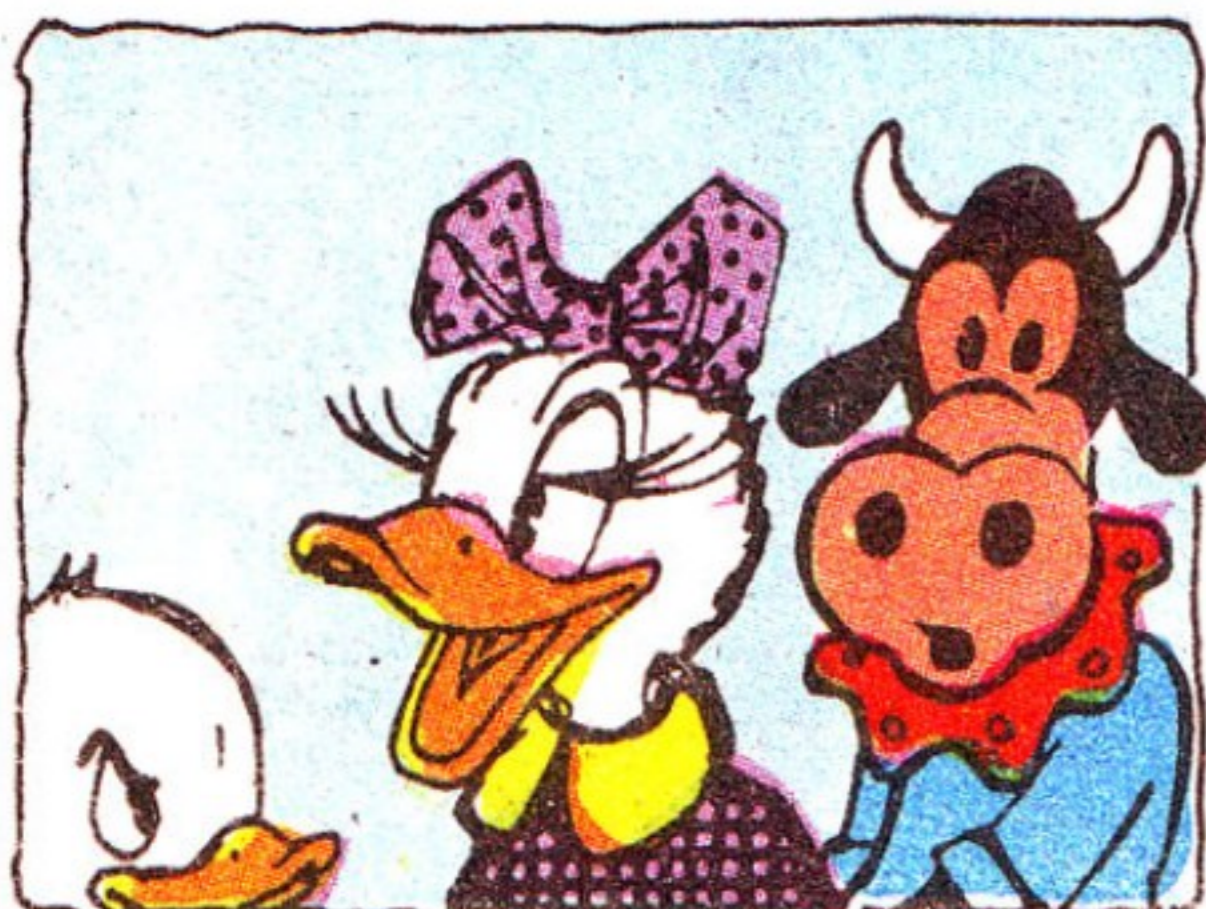

— Da, dr, sjećam se. Pa, onda?

— Znate, doktore, sad mi je bolje, pa sam htio znati da li se sad mogu okupati.

DOVOLJNA JE BJELKA

Vlajo se dere:

— Teta Pato, ja baš hoću da idem u zoološki vrt vidjeti majmune.

— Što si sad zapeo s majmunima kad je teta Bjelka kod nas u gostima!

SRAM GA BILO

Mini pita Bjelku:

— Zbog čega si se naljutila na doktora Bolića?

— Rekla sam mu da sam jako umorna, a on je tražio da mu pokažem jezik!

EFIKASAN NAČIN

— Previše ste se ugojili — kaže liječnik Peri Žderi. — Najlakše ćete oslabiti ako bu-

dete pomicali glavu s lijeva nadesno i obratno, tri do četiri puta dnevno.

— Kada, doktore? Ujutro ili uveče?

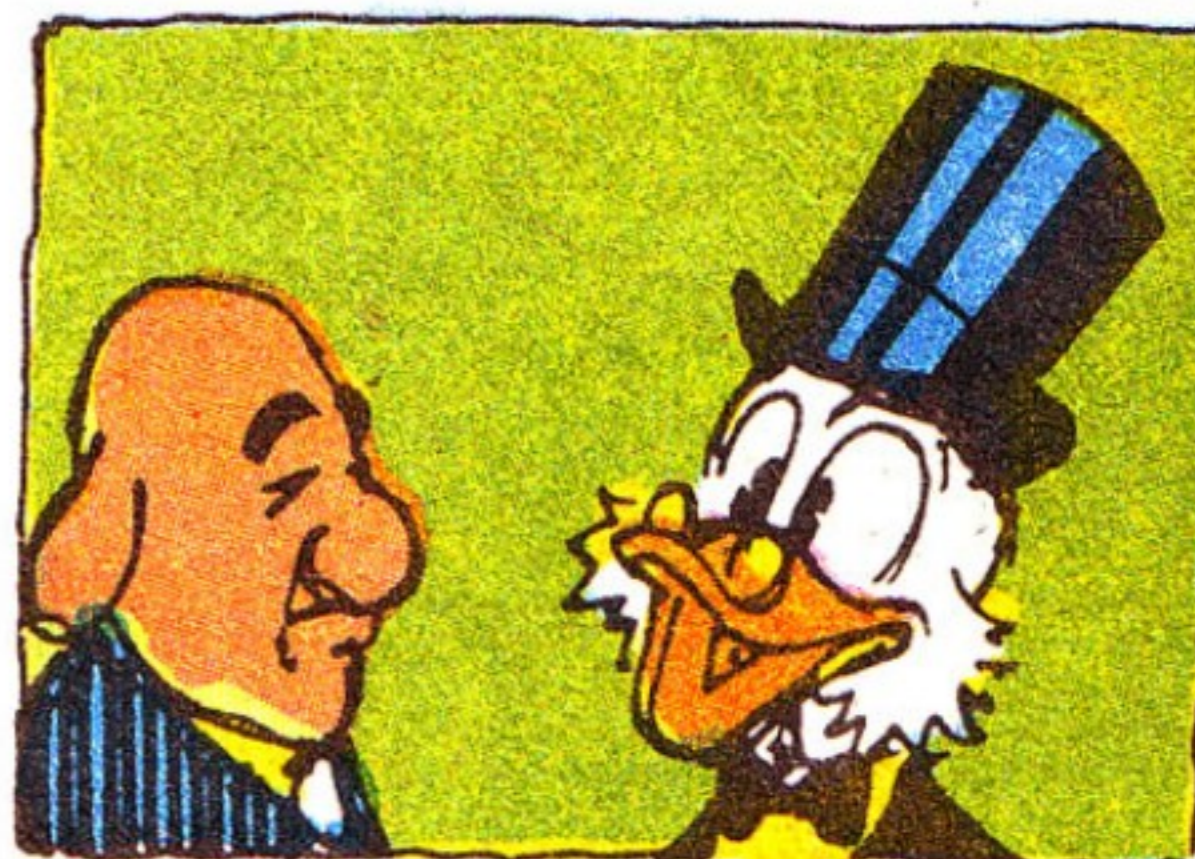

— Uvijek kad pred vas iznesu jelo — odgovori liječnik.

VRIJEDNI LJUDI

Bajo Patak priča prijatelju: — Nedavno sam osigurao sve stvari u svom poduzeću osim satova.

— A zašto niste i njih? — upita prijatelj.

— Nisam imao potrebe. Moji službenici ionako svaki čas pog-

ledaju u satove, da bi vidjeli kad će se svršiti radno vrijeme.

OPREZNOST

Na vratima Paje Patka osvanuo slijedeći napis:

„Mole se inkasanti da zvone tri puta”.

— Zašto si stavio to? — pita ga Pata.

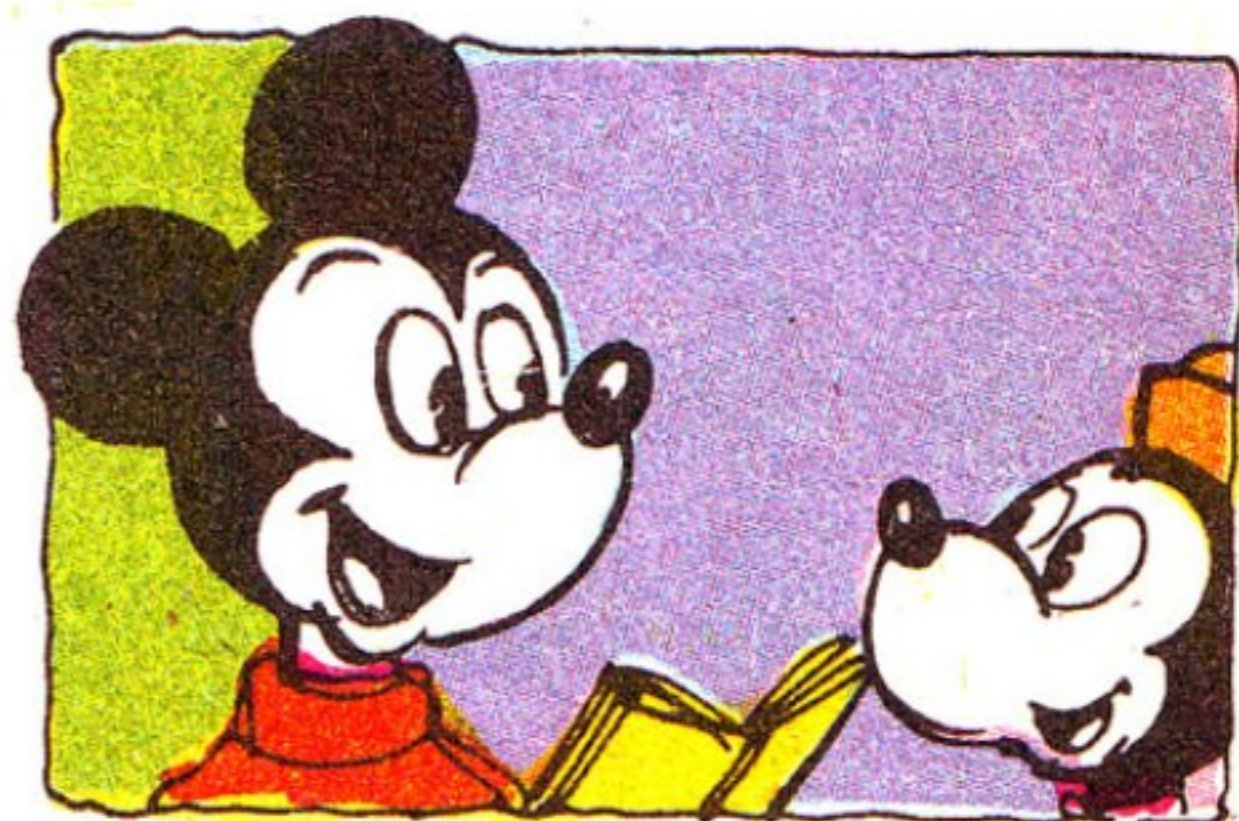

— Zato što onda znam tko zvoni pa ne otvaram!

ZAKASNIO

— Što bi želio da ti poklonim za rođendan? — pita Mićo ujku Mikija.

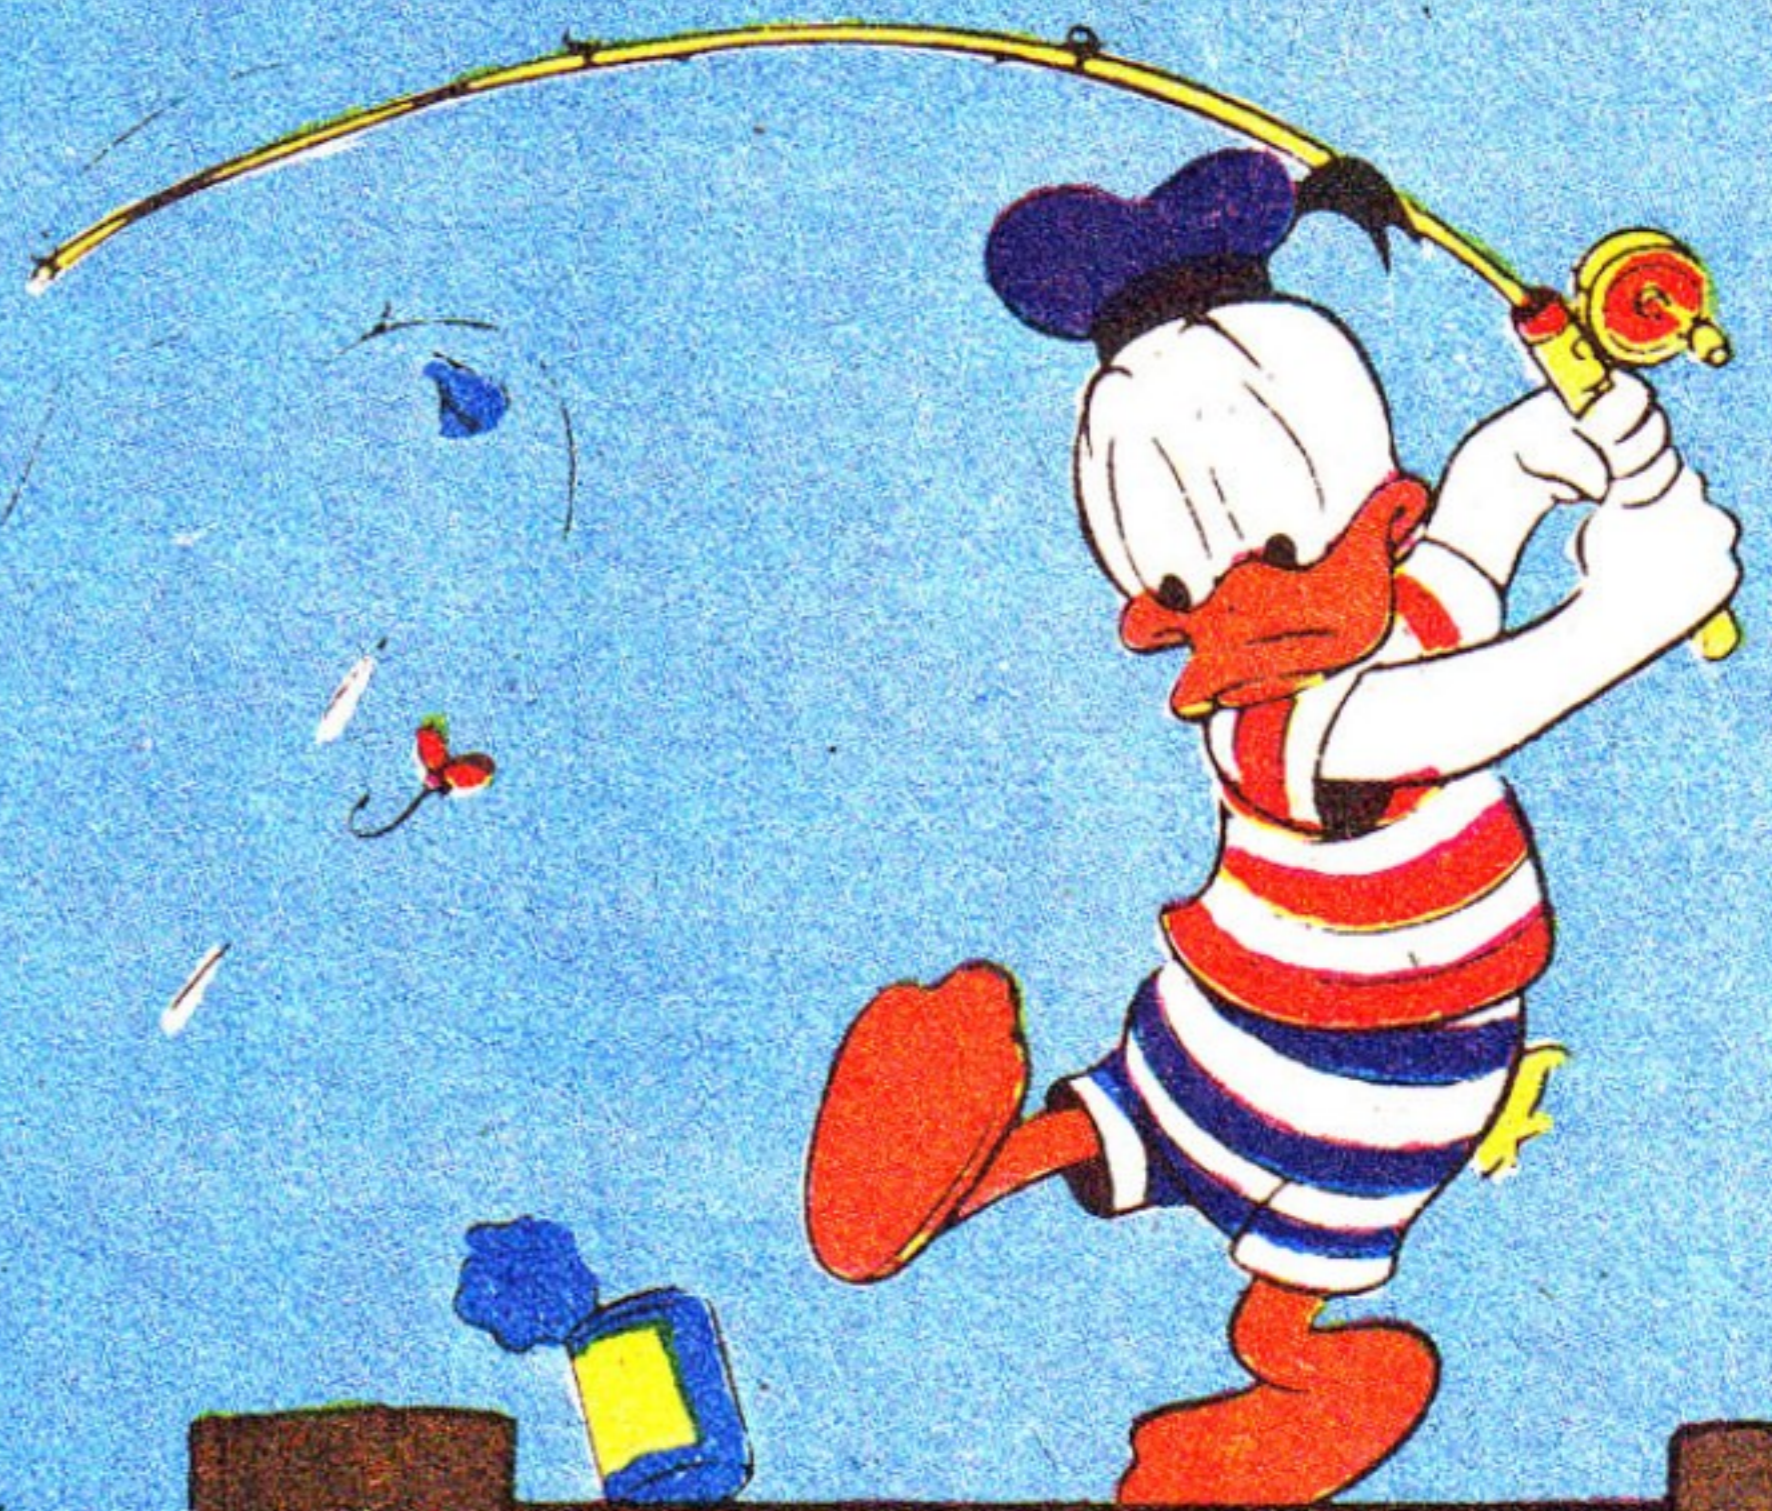

— Da budeš najbolji đak u razredu.

— Zakasnio si, ujko Miki, ja sam ti već kupio kravatu!

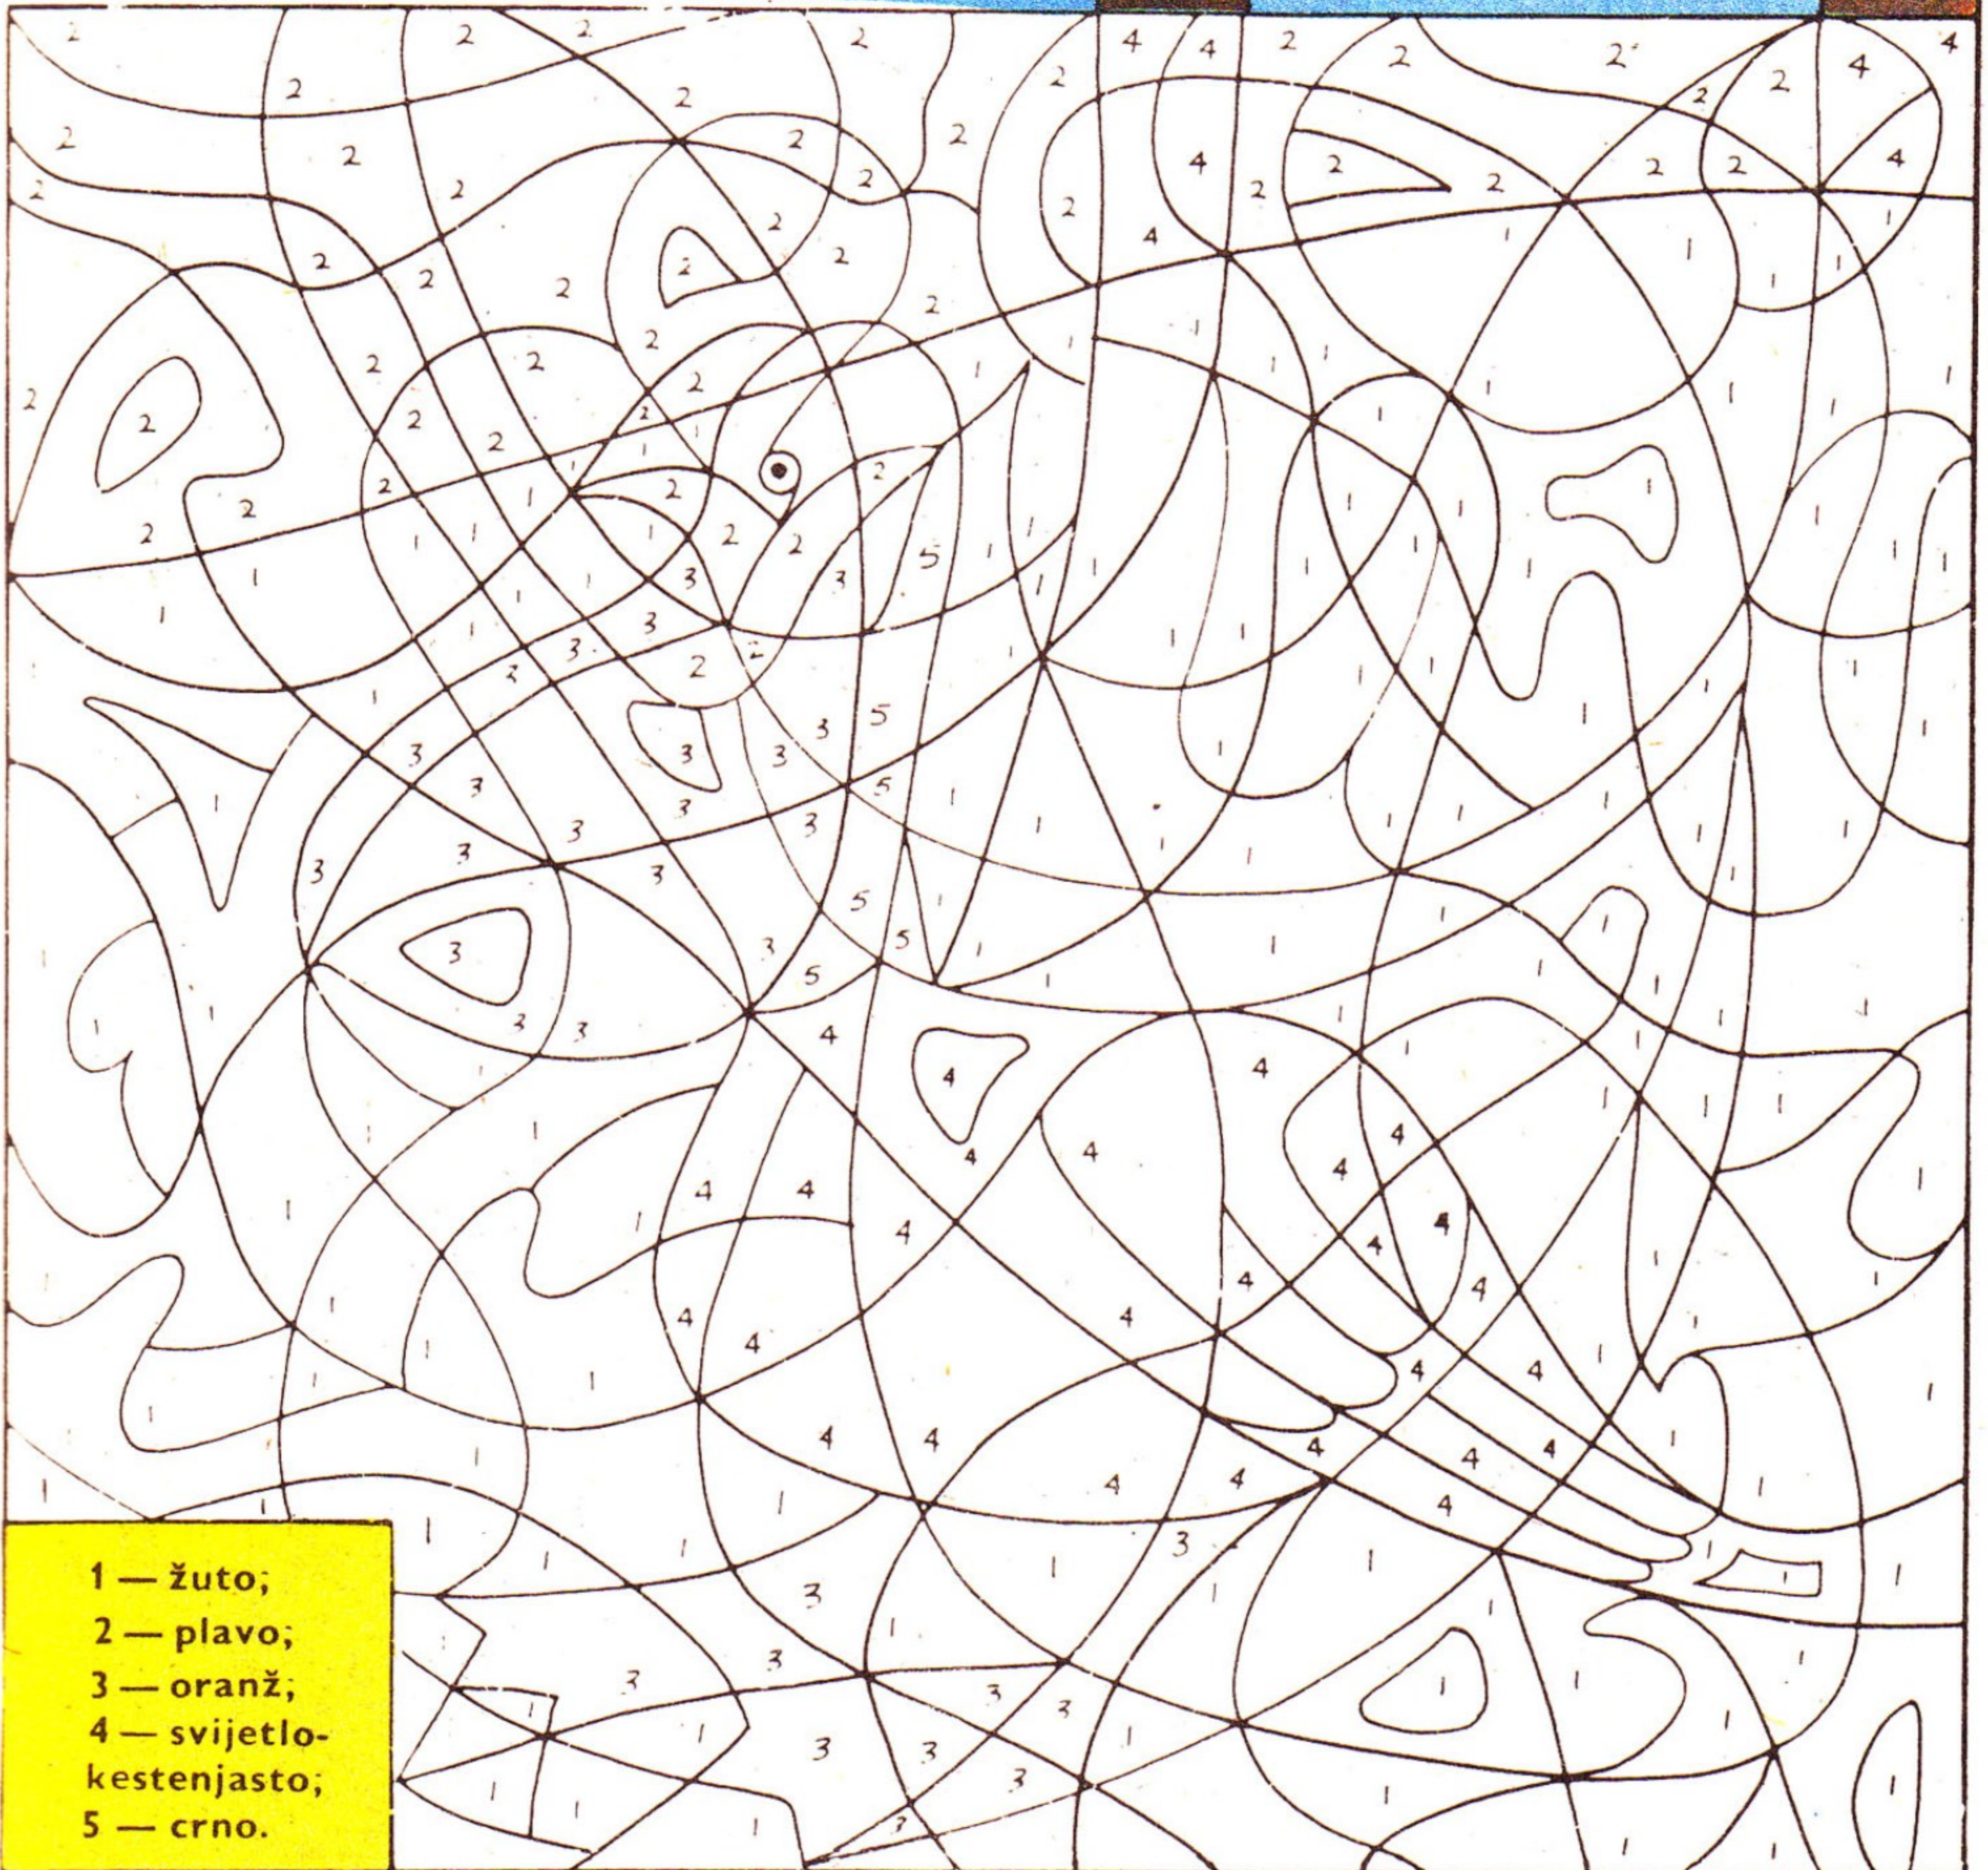

PAJO RIBOLOVAC

Poslije višesatnog pecanja, Pajo Patak ulovio jednu ribu. Ali, prije nego je uspio izvaditi je iz vode, ona se otrgla s udice i iščezla u vodi. Da biste saznali što se dogodilo, obojite polja obilježena brojevima u dnu stranice.
